

CREW APPLICATION 2011-2012

Freshmen Retreat welcomes students into the heart of Gonzaga—into fun, friendship, and faith. It helps students build connections between their social life, academic life, residence hall life, and spiritual life. Sponsored and led by University Ministry, with the help of student crews, this retreat allows freshmen to reflect on faith, relationships, our Jesuit heritage, and service.

The Freshmen Retreat crews for 2011-2012 will be made up of sophomores, juniors, and seniors.

There will be six retreats throughout the school year (see dates below).

As a member of a crew, you will either cook for the retreatants or serve as a small group leader (small group leaders are responsible for giving a prepared talk during the retreat weekend).

These are both hugely important roles because you will be a leader and a mentor for the new class at Gonzaga University.

Please circle the retreat dates for which you are available:
