

Black Rock Country Club

**A round of golf and lunch for 3 with Jack Heath will go to one lucky bidder!
Date to be mutually agreed upon with winner. Expires 9/15/2010.**

Nestled into the majestic forest and overlooking beautiful Lake Coeur d'Alene is the Black Rock Country Club. Black Rock's Jim Engh-designed, championship golf course is one of the premier golf experiences in the country. Here you will enjoy 7,000 yards of rolling hills, cascading water, black rock cliffs and panoramic lake views.

For Jim Engh to create the wildly beautiful course at Black Rock, he took long periods of time absorbing every aspect of this pristine landscape. The result is a genuinely unique golf experience—dramatic cliffs, cavernous natural bunkers, sparkling lake panoramas and stunning curves and textures. Every turn seems to present a more beautiful scene. Every round is a superior golf experience that players of all levels will savor.

Black Rock is the difference between playing golf and living golf!

Thank you Jack Heath!
