

# GMAT GENERAL INFORMATION

## Gonzaga University Graduate School of Business

### Preparing for the GMAT:

The GMAT is a standardized assessment required for applicants to the MBA & MAcc programs. The GMAT is comprised of three sections: the Analytical Writing Assessment, the Quantitative Section, and the Verbal Section. The graduate school of business **does not accept the GRE exam.**

At [www.mba.com](http://www.mba.com) you can download **free GMAT Power Prep software, practice exams, and find a testing center near you.** We recommend students take at least 3 complete practice exams online or on the CD-ROMs that come with some of the prep books.

*Note: Not all books come with CD ROMs. We highly recommend you buy a book with a CD-ROM or an online test bank.*
