

Barrister Winemaker for an Evening

A champagne-laden limousine will whisk three (3) couples to Barrister Winery's home in the historic Davenport Arts District for an evening of wine-tasting and wine-making. After a white wine reception, guests will proceed to Barrister's subterranean barrel room where you will taste vintages aging in barrels. Taste and compare wine aged in French and American oak, new and used oak, wine made from different yeasts and the difference vineyard selection makes.

You will blend barrel samples to create your own wine. The group will bottle and label one case of wine for your boutique winery (you name your winery, we'll create the label). Throughout the evening you will taste wines from around the world including Washington (Leonetti), Bordeaux, Burgundy, Tuscany, Australia, and Napa Valley. The tasting will be accompanied by catered hors d'oeuvres and dessert. At evening's end, your chauffeur will deliver each of you, and your wine, safely home.

Thank you Greg Lipsker, Michael White, and Barrister Winery!
