

## ARMY ROTC: The #1 Leadership Development Program in the Country

ROTC has long been considered one of the finest leadership development programs at colleges in the nation. ROTC not only teaches students how to lead, it prepares and trains future warrior leaders for the United States Army. At Gonzaga University in Spokane, WA, we believe that our program is second to none. Our Cadets repeatedly score highly when competing with others from programs around the country. Throughout the school year, Cadets balance a challenging course load with physical training, field training, and other extracurricular pursuits. Cadets regularly excel in academics while participating in intramural and intercollegiate sports, clubs,

organizations, theater, student government, mock trials, and many other activities.

Training to develop competence, confidence, and cohesion.

## ACADEMICS

At Gonzaga and our partnership school, Whitworth University, academic progression is the number one priority for Cadets. They participate in a wide variety of majors from History and Criminal Justice to Civil Engineering, Nursing, and Business. In addition, we have students who are in Masters Degree Programs and Gonzaga Law School. As a member of the Bulldog Battalion, one has many resources for success in the classroom. These benefits include an academic mentorship program, study groups, advising, and a dedicated staff of instructors who work with the universities' faculty and staffs to ensure that Cadets graduate on time.

## LEADERSHIP TRAINING

In addition to regular coursework, Cadets participate in a weekly leadership laboratory and several leadership training exercises during the year. These experiences give our Cadets a first-hand opportunity to lead others through stressful situations.

Ranger Challenge Competition Champions

Leadership training prepares Cadets for challenges they will face at the Leadership Development and Assessment Course during the summer after their junior year. These experiences provide a solid base and prepare future officers for leadership positions in the United States Army, the Army National Guard, and the Army Reserve.

## COMMUNITY

Not only does the Bulldog Battalion set one up for success in college, the military, and other careers, it provides a connection to a larger community. The bonds formed in the Bulldog Battalion provide lifelong friendships and support wherever our people go. Our alumni include officers serving around the globe, as well as world-class leaders in the business, academic, and government fields. Our people join a global support network that ties them to Gonzaga and Whitworth Universities as well as the Bulldog Battalion.

Cadets relax on a trip to the summit of Mt. Rainier

## TRADITION

The Bulldog Battalion has a long-standing tradition of developing exceptional leaders for the world's best Army. Our program has earned many honors and awards for excellence.

Take advantage of the opportunity to become part of the Bulldog Battalion's rich history of outstanding performance.
