The 16-member Gonzaga Cheerleading Team enjoys a truly unique college experience. Although GU Cheerleading is not a scholarship sport or a competitive program, Gonzaga Cheerleaders are highly visible. It is the only true co-ed program in the West Coast Conference supporting exceptionally successful Men's and Women's Basketball teams in front of raving fans and offers travel opportunities to the WCC and NCAA Basketball Tournaments. Crowd involvement and partner stunting are the primary focus of the program. No experience necessary for males. Prior cheerleading and gymnastics experience strongly recommended for females.
