

# MINUTES

## Advisory Council on Stewardship and Sustainability

Thurs, Jan. 15, 2010 12:10-1:10pm

CCASL House

---

In Attendance: Todd Dunfield , Tim Hatcher, Brian Henning, Anastasia Wendlinder, Jillian Cadwell, Linda Wilson, Brittany Jarnot, Ken Sammons, Andrea Bertotti-Metoyer, Monica Bartlett.

1. Reports from chairs of the sub-committees.
  - a. Anastasia (Purchasing chair) reported that her group was continuing to work on ideas, drafting their sustainability purchasing plan.
  - b. Jillian (Education chair) reported that she gave a talk in December for GU students living in campus housing. The talk was aimed at issues of conserving energy and water in the dorms/apartments.
  - c. Andrea (Waste Reduction Chair) reported that her environmental sociology class had started and would begin to collect data about on-campus recycling. This data would also aid in ideas for the Waste Reduction Subcommittee. Members of GEO were present and expressed interest in joining the Waste Reduction Subcommittee.
2. Anastasia reported that she had created a Blackboard site for ACSS. She asked members to look at it and give feedback.
3. Andrea brought up the idea of working to make the reappointment/tenure/promotion process paperless (or use less paper than it does now). We discussed how we might go about this. Anastasia and Andrea were going to talk to more people involved in RTP to see what steps might be taken next.
