1. Mike Woods, SJ reported on two items
   a. Ignatian Spirituality Network meeting at Wheeling Jesuit
      (http://www.luc.edu/cuerp/)
   b. Urban Farm Proposal (attached)
2. American College and University Presidents Climate Commitment – the Climate Commitment resolution has been sent to the administration. The President and his cabinet are considering the resolution.
3. Sierra Club Survey – members discussed whether it was in the University’s best interest to submit this particular survey. It was agreed that it was not important to complete this particular survey, but that a template should be created to facilitate the completion of future surveys.
   a. Action Item: Ken Sammons agreed to have his work study create a draft of a template with answers to the questions on the survey.
   b. Action Item: Monica agreed to contact Sodexho again to get answers to the questions related to food service.
4. LEED – Ken Sammons announced that the PACCAR building has officially been certified as a Silver Level LEED certified building.
