OUR MISSION
The Golden Gate National Parks Conservancy is the nonprofit membership organization created to preserve the Golden Gate National Parks, enhance the experiences of park visitors, and build a community dedicated to conserving the parks for the future.

OUR PARTNERS
The Parks Conservancy is proud to partner with the National Park Service and Presidio Trust in the stewardship of these parks.

FACTS AT A GLANCE
• Established 1981
• More than 12,750 members
• Providing over $243 million in support to the Golden Gate National Parks
• Growing over 200,000 native plants each year for restoration projects
• Stewarding 80,000 acres of parkland
• Coordinating 35,000 volunteers annually throughout the parks
• Connecting 20,000 kids and youth with nature and the parks each year through Crissy Field Center programming
• Counting over 20,000 raptors annually, at the Golden Gate Raptor Observatory
• Protecting 1,200 species of plants and animals, including endangered species like the San Francisco garter snake
• Leading as one of the most effective and innovative park partners in the U.S.

KEY ACCOMPLISHMENTS

Alcatraz Revitalization $3.5 million project featuring new audio tour, museum store, and ongoing restoration of Alcatraz Gardens

Community Stewardship Volunteer engagement in programs of Golden Gate Raptor Observatory, Native Plant Nurseries, Park Stewardship, Trails Forever, and more

Crissy Field Center Multicultural environmental education center that has served, in 10 years, 600,000 youth and family members, many from underserved neighborhoods

Crissy Field Restoration Community-driven $34 million project, completed in 2001, that transformed Crissy Field from an abandoned military site to a beloved national park

Fort Baker “Post to park” conversion in 2008 created the Cavallo Point lodge and the Institute at the Golden Gate, which leverages the parks as a catalyst for sustainability

Golden Gate Bridge Collaboration with the Golden Gate Bridge, Highway and Transportation District to celebrate the span’s 75th anniversary and improve visitor experiences through facilities like the Bridge Pavilion

Lands End Community-supported project featuring restored habitat, new trails and overlooks, improved forest health, and a new Lands End Lookout visitor center

Mori Point Habitat restoration for threatened and endangered species, while enhancing trails at a vital site in San Mateo County

Redwood Creek Restoration of watershed to improve habitat for endangered coho and other wildlife at Muir Beach and other sites

The Presidio Historic effort to build trails, bikeways, and outlooks; expand Rob Hill Campground; and revitalize ecosystems

Trails Forever Award-winning parkwide initiative, now 10 years old, to build a world-class trail system while protecting resources
