1. Tear at the dotted line or cut out the entire square
2. Fold in half diagonally and again the other direction to create a square with intersecting lines
3. Open and turn over so top is blank and fold each corner into the middle
4. Turn over and repeat folding corners into the center so you end up with numbers face up
5. Flip over so you can see the pictures
6. Slide your thumb and your finger behind 2 of the pictures and press together so they bend around and touch
7. Turn over and repeat with the thumb and finger of the other hand for the other two pictures
