Gonzaga University is a community of over 8,500 persons living, working, and studying on campus. As with any community, crime prevention, security and public safety are concerns. At Gonzaga, we believe that the security of our campus is a responsibility shared by all members of the community. Security awareness and crime prevention are goals which serve to protect individuals and the community as a whole. When all members of the community learn and practice these traits, a safer living and learning environment is created. The Jesuit tradition of education embraces the concept of “men and women for and with others,” which at its most basic level encompasses care and concern for each and every member of our community. We encourage you to join us in our efforts to provide a safe and caring environment in which living, learning, and working can take place most productively.
Section 1: The Campus Security & Public Safety Department

About the Campus Security & Public Safety Department

The Campus Security & Public Safety Department (CSPS) works to facilitate the safety and security of the students, staff, faculty, visitors, and property of Gonzaga University. CSPS is a service oriented organization that promotes safety, security, awareness, and personal responsibility and has an especially close working relationship with the Office of Housing and Residence Life.

The Campus Security & Public Safety Department is organized by function: the Operations Division includes Patrol and Communications functions, the Specialized Services Division oversees Parking and Crime Prevention, Emergency Preparedness, and the Behavioral Intervention Team (BIT)/Clery Compliance. A staff of professionals and students provides administrative and other support for all aspects of security operation. CSPS is staffed 24 hours a day, 365 days a year.

CSPS officers are trained to professional standards in public safety methods. Ongoing training, appropriate for the campus environment, is provided throughout the year. Officers carry handcuffs, pepper spray and/or baton and patrol the campus on foot, by car, and bicycle. Officers have the same arrest powers as private citizens. Some supervisory personnel have a limited law enforcement commission through Spokane Police Department for information sharing purposes. In 2018, every officer received specialized training specific to autism awareness and sensitivity, and implicit bias. CSPS operates using a behavior based reporting standard. This means that patrol and dispatch officers are trained to respond when there exists observable, articulable, and bias-free facts that have reasonably and justifiably aroused suspicions of such activity.

CSPS officers provide a proactive patrol of the campus and surrounding area designed to detect and deter crime, and facilitate a safe environment for our community's people and property. Periodic checks are made of all University buildings on campus and lock up services are provided. In addition to patrol and building checks, CSPS officers also answer calls for service, provide escorts upon request, check alarms, investigate suspicious situations, and assist local emergency providers. CSPS staff members follow up on calls for service and take action as appropriate, including writing an incident report to document the circumstances. CSPS officers work in conjunction with Residence Hall staff, the University administration, and local police to enforce and seek compliance with Gonzaga policies, rules, and expectations, local ordinances and state laws.

Campus buildings are either checked or secured by CSPS after business hours each day. Access to facilities after business hours is provided by CSPS and requires authorization from the party responsible for the building or office and the presentation of photo identification. Residential facilities are locked 24 hours a day, 7 days a week. Access by non-residents is limited to guests of a resident or an approved University visitor.

The University Plant Services Department (Plant Services) maintains access control equipment for all University facilities. Duplication of any University key by anyone other than the University locksmith is prohibited. The Office of Housing and Residence Life issues keys and keycards for residential facilities using a keyless entry system. The Plant Services Department issues keys to all other community members based on appropriate authorization. Any community member can place a work order or file a maintenance concern by calling the Plant Services desk at 509-313-5656. Requests involving safety issues or security concerns are given top priority.

Working with the Spokane Police Department & Other Local Agencies

The Spokane Police Department (SPD) is the law enforcement agency with primary jurisdiction for the campus area. Criminal activity and requests for police service that are beyond the authority and resources of CSPS officers (for example, arresting suspects and conducting criminal investigations) are directed to that agency. The SPD patrols the area, monitors criminal activity and compiles crime statistics for campus and surrounding area. SPD has primary responsibility for responding to calls in the Logan Neighborhood.

CSPS has a well-established relationship with the SPD and liaison opportunities between the departments occur on many occasions and at various levels, although there is no formalized agreement or memorandum of understanding strictly between CSPS and SPD. The University has a written memorandum of understanding with SPD for the strict purposes of Title IX compliance. CSPS also occasionally works with the Spokane County Sheriff's Office. Both agencies have jurisdiction for the campus area. The Washington State Patrol, an agency
with statewide authority, also has jurisdiction for the campus area, but CSPS has no formalized working relationship or regular contact with that agency. The Washington Liquor Control Board (WALCB) also has statewide authority and jurisdiction for the campus area. There is an informal working relationship between CSPS administrators and WALCB agents.

While CSPS patrols focus primarily on the campus, SPD patrol both the campus and surrounding area. SPD officers are frequently contracted by the University to provide additional proactive patrol of the campus and neighborhood during the school year. CSPS often contracts with the SPD and other local security providers to supplement its own force when necessary, for example, during high activity periods on or near campus and during special events.

**Contacting the CSPS Communications Center**

The CSPS Communications Center is located in the Security office in the Huetter Mansion and is staffed 24 hours a day year-round. The CSPS Communications Center can be reached by calling 509-313-2222. The Communications Center dispatches requests for service to CSPS patrol officers and coordinates notifications of other campus services providers as needed.

**Blue Light Phones**

In addition to reaching the Communications Center by calling 509-313-2222, CSPS maintains a number of exterior "blue light" phones. These phones have a direct dial connection to the CSPS Communications Officer and can be used to request an officer response or report an incident. The phones are mounted on an eight-foot stanchion which is painted a light color, making them easily recognizable. A highly visible blue light at the top of the stanchion is illuminated after dark. To use the phone: simply open the door to the phone box and push the red button. There is no handset and the person in need will be connected directly to the CSPS dispatcher. The location of the phone is automatically displayed to the CSPS Communications Center Officer. There are more than twenty blue light phones located across campus. To see the locations of the phones, refer to the Clery Map on page 22.

The University also maintains a number of courtesy phones throughout the campus. These phones are programmed to call University extensions, including the CSPS Communications Center. They will also call off campus to summon emergency providers if necessary.

**Video Surveillance**

Over 500 video surveillance cameras are located throughout campus. These include cameras at the entryways of many residence halls. Cameras are monitored for security and safety issues in the CSPS Communications Center and recorded digitally.

**Security Escorts & Safe Ride**

Escorts on campus and in the near neighborhood are available at all times through the CSPS Communications Center. An escort can be requested by directly calling CSPS or using a blue light phone. Gonzaga’s Safe Ride program is also available. This no-cost ride can get you home from a compromising situation, no questions asked. More information on this program is available by calling 509-313-2222.

**Behavioral Intervention Team**

Gonzaga’s Behavioral Intervention Team (BIT) was established for the purpose of early identification, assessment, intervention, and management of incidents and behaviors that pose a risk to the safety and well-being of the Gonzaga community. The BIT relies on information from community members in order to identify and address potential threats. While the team analyzes patterns of behavior and takes a holistic approach towards threat assessment, certain warning behaviors can shed light on the need for a full scale investigation. Some warning signs that community members should look for include (but are not limited to) the following behaviors:

- Violent fantasy content in writings, social media posts, and viewing of materials
- Difficulty managing anger
- Making threats
• Boasting and practicing of fighting
• Unusual interest in police, military, terrorist activities and materials
• Isolation and/or social withdrawal
• Suicidal ideation
• Homicidal ideation
• Stalking
• Non-compliance and disciplinary problems
• Imitation of past murderers
• Interest in previous shooting situations
• Victim/martyr self-concept
• Strange or aberrant behavior
• Paranoia
• Violence and cruelty
• Inappropriate affect/inappropriate emotional reactions
• Acting out
• History of police contact
• Mental health history related to dangerousness
• Expressionless face/anhedonia
• Excessive use of alcohol/drugs

To contact the BIT about a potential threat or concern or to obtain more information about Gonzaga's threat assessment process, please use the following resources:

Living in Logan Neighborhood

The University maintains cordial and productive relationships with residents in the Logan area, as well as the Logan Neighborhood Organization. An ongoing, positive connection with the neighborhood is important to GU. Students living in the neighborhood have a special obligation to act as responsible neighbors and are expected to show respect in terms of parking, noise, and social gatherings.

The University's Student Development Office sponsors outreach efforts, which promote better understanding and relations with the Logan neighborhood, including the annual Logan Neighborhood Block Party. Student Development professionals work with students living in the neighborhood (including on a disciplinary basis) to educate on appropriate conduct and respectful relationships. A professional Residence Director working through the Office of Housing and Residence Life works with students residing in Gonzaga owned, leased, or managed properties. The University has no officially recognized student organizations with off-campus locations.

Keeping the Community Informed

EMERGENCY NOTIFICATIONS:

Gonzaga is committed to ensuring the campus community receives timely, accurate, and useful information in the event of a significant emergency or dangerous situation on campus or in the local area. Emergency notifications are issued in the case of an immediate threat to the health or safety of the community. Gonzaga will immediately notify the campus community upon confirmation of an emergency or dangerous situation unless issuing a notification will, in the professional judgement of responsible authorities, compromise efforts
to assist a victim or to contain, respond to or otherwise mitigate the emergency. Gonzaga University may be notified of an actual or potential emergency impacting the University through several sources, including:

- Gonzaga community members
- Members of the public
- Emergency response personnel
- Emergency management personnel
- Media (traditional and social) reports

The responsibility of confirming the existence of a significant emergency or dangerous situation is primarily determined by Campus Security and Public Safety. The Director of CSPS and/or the Associate Director of CSPS are responsible for confirming the emergency, developing message content and initiating emergency notifications. Incidents specific to health related concerns, i.e. a serious viral outbreak, will involve the Assistant Dean of Student Well-Being & Healthy Living. Severe weather emergency notifications are authorized by the Emergency Preparedness Manager via the Emergency Operations Center.

Emergency notifications will be issued via the university emergency notification system, which is called ZagAlert. The ZagAlert system can send messages to any combination of voice message/phone call, text (SMS) message, email message, Facebook, or Twitter. Alert messages either provide specific protective actions to take or provide information so recipients can determine their safest course of action. This can include campus closure notifications, areas to avoid, evacuation orders, shelter in place orders, or lockdown procedures. Due to the urgent nature of the message contents, ZagAlert emergency notifications are not be segmented to specific audiences and will always be released to the entire contact database.

All Gonzaga University-owned emails and telephone numbers are automatically enrolled in ZagAlert. All Gonzaga community members are encouraged to include personal telephone, text, and email contact points. Gonzaga students, faculty and staff can enter additional contact information in ZagWeb by:

1. Logging into ZagWeb using the Zagweb User ID/PIN
2. Clicking on "ZagAlert" and entering additional contact information
3. Clicking “Submit”

Individuals who are not currently a student or employee, but who would like to receive emergency notifications, can go to www.gonzaga.edu/zagalert and follow the instructions for using the Blackboard MyConnect app to subscribe to alerts. Current students and employees can also register for a MyConnect account and install the application. Currently, the MyConnect app does not connect to the ZagAlert database maintained via the ZagWeb portal.

Gonzaga University also maintains a commitment to disseminating emergency information to the larger community. The "Emergency Information" Quick Link at the bottom of the main Gonzaga web page (Gonzaga.edu) shows a color-coordinated real time update of emergency conditions on campus, as well as emergency-related resources.

In certain circumstances, in addition to ZagAlert notifications, the University may also utilize various public address (PA) systems, or post bulletins on building entrances and exits. PA system alerts and bulletin posts may be segmented depending on incident location and severity.

**TIMELY WARNINGS:**

Timely Warnings are issued to inform the community about Clery Act Crimes (pages 18-20) that present an immediate, serious, or ongoing threat to the community. Often, the intent is to alert community members of a potentially dangerous criminal situation or an ongoing community threat so that they have the time and information necessary to take appropriate precautions, and prevent similar crimes. Timely warnings will include specific details on the type of crime(s), general location of the crime(s), and any relevant instructions or recommendations for promoting safety and reducing the risk of similar crimes from occurring. Timely warnings are developed and issued by the Campus Security & Public Safety Department by way of Priority Mail. The warnings are emailed to the entire campus community, including all students, faculty and staff.
The university will issue Timely Warnings on a case-by-case basis considering the following criteria: (1) one of the below listed Clery crimes are reported; (2) the crime occurred within the University Clery geographical boundaries; and (3) there is a substantial risk to the safety of other members of the campus community because of this crime. The university may also issue an alert in other circumstances unrelated to Clery crimes, which may pose a significant threat to the campus community but does not reach the level of an emergency notification. CSPS may choose to issue a timely warning pertaining to a crime that occurred outside of Clery geography (pg 22) if it is a location used and frequented by the student population.

Gonzaga University will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system. The only reasons permitting withholding an immediate notification include, if in the professional judgment of responsible authorities, a notification would compromise efforts to assist a victim, to contain the emergency, to respond to or otherwise mitigate the emergency.

TESTS AND DRILLS:

Tests to the ZagAlert system will take place a minimum of once each semester, unless an actual emergency interferes with test scheduling. Test messages will always be denoted as such in the subject line, start of a text or beginning of a voice message or email. Tests are typically pre-announced via Morning Mail to prepare community members for the notification, but unannounced tests may also be held.

Evacuation maps are posted in main campus buildings and should be followed whenever possible. Residence hall evacuation drills are jointly coordinated by Housing and Residence Life and Campus Security & Public Safety. Non-residential campus buildings with standard occupancy of 50+ people test evacuation procedures annually in compliance with state law. All evacuation drills are scheduled in advance, announced to the community, and documented. Documentation includes a description of the drill, the date performed, the time the drill started and ended, and whether the drill was announced/unannounced. Documentation is maintained jointly by Housing and Residence Life Department and Campus Security & Public Safety. The announcement of the drills and instructions for emergency are sent via University Morning Mail and include: the type of drill, time and date of drill, and safety instructions.

DAILY CRIME AND FIRE LOG:

Reports written by CSPS officers, reports received from Campus Security Authorities, Student Development professionals and other University officials, and information gathered from the SPD are used to track crime activity on campus.

During the calendar year 2018, a publically accessible hard copy of the Daily Crime Log and Fire Log could be found in the lobby of the Huetter Mansion during business hours Monday-Friday. The Daily Crime Log and Fire Log disclose all criminal incidents, alleged criminal incidents and fires that are reported to CSPS. The Daily Crime Log includes the location, nature, date occurred, date reported, and disposition of each incident. Crimes are entered within two business days of when it was reported to CSPS. The Fire Log includes the date a fire was reported, the nature of the fire, the date and time of the fire, and the general location of the fire.

Starting in August of 2018 the Daily Crime Log was made available to current GU community members online at https://my.gonzaga.edu/campus-resources/campus-security-public-safety/crime-reporting/daily-crime-log. Both the Daily Crime Log and the Fire Log remain as a paper copy in the Huetter Mansion lobby. The log is maintained by the Clery Compliance Coordinator, or a designee in their absence.

SOCIAL MEDIA:

The University provides ongoing emergency information updates on its main accounts for Facebook and Twitter:

Facebook.com/GonzagaUniversity
@GonzagaU

The CSPS Facebook and Twitter accounts share information on parking, campus activities and events, departmental updates, crime prevention tips, and may also be used to broadcast emergency notifications and timely warnings.
SEX OFFENDER REGISTRY:
The Spokane County Sheriff’s Office maintains a website containing names, photos, history, and identifying information on registered sex offenders living in Spokane. Publically-accessible information about Registered Sex Offenders on or near the campus (if any) will be available on the website. Access the website at: https://my.spokanecity.org/police/prevention/sex-offenders-database. The Sheriff’s office is responsible for content and management of the website.

Crime Prevention on Campus

CAMPUS SECURITY & PUBLIC SAFETY RESOURCES AND PROGRAMMING:
Gonzaga University, through Campus Security & Public Safety, offers information, talks, and trainings designed to inform students and employees about CSPS procedures and practices. A common theme of all awareness and crime prevention programs is to encourage and empower students and employees to be responsible for their own safety and for the safety of others on campus. Crime prevention program topics include residence hall safety education, workplace safety, drug and alcohol safety, domestic and workplace violence prevention, sexual assault prevention, self-defense, fire safety, active shooter response, emergency response/preparedness and evacuation, and theft prevention. During Orientation, Campus Security & Public Safety participates in forums and information sessions to explain university security, public safety, and culture at Gonzaga University with all incoming students and their parents.

During the 2017–18 academic year, Campus Security & Public Safety, led by the Crime Prevention and Education Officer, conducted 66 trainings or informational sessions:

Residential Hall Safety Talks (25) - These annual informational sessions are scheduled early in the school calendar and are designed to inform students about campus security, and practices to assist/encourage them to be community partners in their own security and the security of others. During these sessions students are equipped with crime prevention strategies applicable to living in on-campus residential facilities.

New Employee Experience (8) – These informational sessions, scheduled by Human Resources, are designed to inform new employees of Gonzaga about the functions and services of Campus Security & Public Safety and about their part in maintain a safe/secure campus, including crime prevention strategies.

Workplace Safety Talks (8) – These informational sessions are designed to assist departments with office space security and safety, and to provide employees office-specific crime prevention tips. Sessions are provided at the request of specific departments/buildings.

General Safety Talks (7) – These informational sessions are designed for the participants to learn about the functions and services of Campus Security & Public Safety and what their individual role is in maintaining a safe/secure campus, including the prevention of crimes. Sessions are provided by request.

Student Worker Orientation (7) – These trainings are designed to educate the student worker on the mission of Campus Security & Public Safety, expectations regarding privacy and sensitive information, and to inform the student worker on emergency procedures, crime prevention and safety in the field.

Run-Hide-Fight Sessions (3) – These trainings are designed for staff and departments to learn the emergency procedures associated with an Active Shooter Situation. Trainings are provided by request.

Off Campus Housing Safety Assessments (2) – This service is provided to students residing in off-campus housing. Students are offered safety considerations to share with landlords in order to create safer housing. The assessments are conducted by a certified Crime Prevention Through Environmental Design practitioner. All assessments are suggestions only based on the CPTED practitioners observations. Assessments are provided by request.

Bomb Threat Trainings (2) – These staff/faculty oriented trainings are designed to help prepare our campus community to handle a bomb threat. The focus of the 1-hour training is to provide easily remembered steps to take in the event of a potential bomb threat.
Programs are typically requested directly by campus groups, offices or departments. More information on available programs can be found on the CSPS website. For more information or to schedule a program with Campus Security & Public Safety, please call 509-313-2222.

**RESIDENCE HALL SECURITY:**
During the school year the Gonzaga campus is home to more than 3000 students that live in University owned, leased, managed, and operated residential facilities. Keeping the residence halls safe requires attention to some particular security concerns:

1. Close exterior doors behind you as you enter your hall. DO NOT allow anyone to enter who is not accompanied by another resident. Propping exterior doors increases the risk of victimization to yourself and others.
2. Escort your visitors to the exterior door when they leave.
3. Soliciting and sales are not allowed in the residence halls. Report solicitors you encounter to CSPS and residence hall staff. If a door or lock is broken, call Customer Service 509-313-5656 to report it. After hours and on weekends, call CSPS and notify your residence hall staff member.
4. If you live on the ground floor or have a balcony keep your windows locked. Sliding glass doors in apartments should also be kept locked, even on upper floors.
5. Be sure to lock your room door if you will be away, even for a minute. Room and apartment doors should be kept locked when you are sleeping.
6. Keep your residence hall staff informed about safety and security concerns in and around your building.

**GENERAL SECURITY & SAFETY TIPS:**
1. Walk with another person after dark or call CSPS for an escort.
2. Be aware of your surroundings and any signs that something is amiss or out of place.
3. Stay in well lighted areas and walk away from alleys, dark corners and bushes whenever possible.
4. Don't carry credit cards, your social security card, or large sums of money.
5. Purses are an attractive target for thieves, don't carry one if it isn't necessary.
6. Lock your valuables securely, even in your room.
7. Mark your property for quick identification. Engravers may be borrowed from the CSPS.
8. Do not risk injury if someone attempts to forcibly take your wallet, purse, or personal belongings.
9. Carry a cellphone and use it if you feel threatened. Be sure you know how to use the speed dial for 911 and program CSPS into your speed dial (509-313-2222).
10. Don't attach your I.D. to your keys or mark your key chain with your name and address.
11. If University keys are lost or stolen, notify CSPS immediately, as well as Residence Hall staff (employees should notify their supervisor).
12. Get to know your neighbors and share information about suspicious activities.

**BIKE SECURITY & SAFETY:**
The Office of Housing and Residence Life manages bike storage in residential buildings and bike lockers. The number of lockers is limited, so contact the Housing and Residence Life office at 509-313-4103 if you are interested. Here are some basic tips for keeping both bike and rider safe:

1. Register your bike with CSPS at [www.gonzaga.edu/BicycleRegistration](http://www.gonzaga.edu/BicycleRegistration).
2. Use a U-lock type device to secure your bike. Bikes locked with cables or small chains are frequently stolen.
3. When locking your bike, secure both the frame and front wheel to a bike rack.
4. Report suspicious activity or loitering around bike racks to CSPS. Thieves usually carry a hidden bolt cutter or other cutting tool.
5. Ride defensively, with the flow of traffic and always use hand signals.
6. Keep your bike maintained, especially the brake.
7. When cycling, be AWARE, VISIBLE, and PREDICTABLE.
8. Be considerate of pedestrians and vehicle drivers.
10. Don't impede free use of handicap ramps or other access points with bikes locked to handrails, etc.
11. Bicycles are not to be stored on any balcony, fire escape, or stairwell of any University property. Students who reside in Residence Halls should contact their Resident Assistant for information on bike storage.

AUTO SECURITY & SAFETY:
Auto theft is a growing problem and the campus area is not immune. Take action to safeguard your vehicle:
1. Lock all doors while driving and after parking.
2. Help secure your vehicle against theft or burglary with an electronic alarm.
3. Keep a copy of your registration, insurance, and title in a safe place separate from your vehicle.
4. Store valuables (laptops, purses, GPS units, CDs, gym bags, etc.) out of sight or locked in the trunk.
5. If you don’t use your car regularly, check on it every day or two.
6. Immediately report all thefts, as well as suspicious activity in parking lots and near parked cars, to CSPS.

IDENTITY THEFT:
Identity theft affects millions of people each year. Identity theft occurs when personal information has been compromised and used to commit fraud or theft. During the course of the day, there are many occasions when checks are written, purchases are made with credit cards, and information is received or sent through the mail. These normal transactions can result in the theft of a person’s identity. Minimize the risk by managing credit information carefully and responsibly.
1. Don't leave credit information in a vehicle.
2. Check your credit report once a year with a reputable credit bureau.
3. Shred voided checks, unused deposit/withdrawal slips and statements.
4. Keep number of credit cards to a minimum.
5. If you keep a receipt, black out the account number.
7. If you become a victim, or suspect you might be a victim, contact CSPS immediately for assistance.

OFFICE SECURITY:
Staff, faculty, work study students, and student organizations work in an office environment. This situation poses a special concern due to the high amount of traffic through buildings and offices. Opportunistic crime occurs when security awareness and crime prevention fall by the wayside. Follow these tips for a safe office:
1. Do not loan out office keys or allow them to be copied.
2. Keep your purse, wallet, or other valuables locked in a cabinet or drawer. Office thieves know the usual unlocked “hiding places”.
3. If your office will be unattended, even for just a minute, lock the door.
4. Record the description and serial numbers of office equipment especially highly portable computer equipment.
5. Keep petty cash locked up at all times and make periodic checks of the amount.
6. Lock doors and close windows at the end of the working day.
7. Call CSPS for an escort if feeling unsafe.
8. Call CSPS to report unusual or suspicious behavior.

**Sexual Misconduct and Harassment Awareness and Education Programs**

Gonzaga is committed to providing a variety of awareness and prevention programs on sexual misconduct, harassment, and discrimination issues to all community members including students, faculty, and staff. While a variety of offices provide programming related to these issues, the primary office to contact in search of existing programming or customized events is the Office of Health Promotion (OHP).

The professional staff and undergraduate interns within OHP offer established training sessions, programs and events throughout each year. Examples include:

1. **Zag into Action**: An online education course designed to familiarize students to our in house bystander intervention Program, Zags Help Zags. Students are introduced to bystander intervention strategies and are given opportunities to think critically about the ways in which they might apply these strategies in person to promote well-being and prevent harm. This program was launched fall 2018.

2. **Zags Help Zags**: Our bystander intervention program utilizes in person trainings, campus wide programming efforts, and marketing campaigns to promote the mission of empowering the Gonzaga community members to promote well-being and to take action in preventing physical, mental, and emotional harm. More information about this program can be found at [www.gonzaga.edu/zagshelpzags](http://www.gonzaga.edu/zagshelpzags).

3. **C.A.R.E. Strategies**: Adapted to fit our Jesuit mission of caring for others, the C.A.R.E. Strategies provide concrete examples of ways safely and positively act as an active bystander. These options for action are emphasized as a part of our commitment to student’s holistic growth and development.
   - Create a Distraction
   - Ask Directly
   - Refer to an Expert
   - Enlist Others to Help

4. **Awareness Month Programming**: Each year Gonzaga participates in both Domestic Violence Awareness Month (October) as well as Sexual Assault Awareness Month (April). Throughout each month there will be a variety of trainings, film screenings, lectures, guest speakers, and art exhibits to raise awareness and promote action on our campus.

5. **New Employee Experience—Zags Help Zags**: An opportunity for every new employee on campus to engage with the Zags Help Zags program materials. New employees are given time to reflect on ways which they can model the Zags Help Zags C.A.R.E. Strategies for students as well as how they can use them in their own interaction on campus. New employees will gain the skills and knowledge to feel empowered to take action to promote well-being and prevent harm on campus.

6. **Escalation Workshop**: A film-based discussion that opens people’s eyes to the warning signs of relationship abuse. The workshop consists of a film, *Escalation*, followed by a guided discussion led by a trained facilitator. The workshop is available by request for any student, staff, or faculty group on campus.

Many offices on campus are also invested in the creation of ongoing awareness and prevention campaigns and often collaborate with the Office of Health Promotion. The following offices are some of the most frequent collaborators;

1. Housing and Residence Life
2. Human Resources
3. Lincoln LGBTQ+ Resource Center
4. Women's and Gender Studies
5. Center for Student Involvement
6. The Center for Cura Personalis

Any questions regarding Gonzaga University’s awareness and prevention programming around sexual misconduct, harassment and discrimination issues can be directed to the Office of Health Promotion at ohp@gonzaga.edu.

**Sexual Misconduct and Harassment Risk Reduction**

No victim is EVER to blame for being assaulted or abused. Anyone can be sexually assaulted, and there are no sure means to prevent sexual assault because the only people who can prevent sexual assault are those who perpetrate it. However, below are some tips to help recognize warnings signs of abusive behavior and help to reduce the risk of a potential attack.

**WARNING SIGNS OF ABUSIVE BEHAVIOR:**

Domestic and dating abuse often escalates from threats and verbal abuse to violence. And, while physical injury may be the most obvious danger, the emotional and psychological consequences of domestic and dating violence are also severe. Warning signs of dating and domestic violence include:

1. Being afraid of your partner;
2. Constantly watching what you say to avoid a “blow up;”
3. Feelings of low self-worth and helplessness about your relationship;
4. Feeling isolated from family or friends because of your relationship;
5. Hiding bruises or other injuries from family or friends;
6. Being prevented from working, studying, going home, and/or using technology (including your cell phone);
7. Being monitored by your partner at home, work or school; and
8. Being forced to do things you don’t want to do.

**SEXUAL ASSAULT RISK REDUCTION¹:**

1. Try not to leave your drink unattended.
2. Only drink from un-opened containers or from drinks you have watched being made and poured.
3. Avoid group drinks like punch bowls.
4. Cover your drink. It is easy to slip in a small pill even while you are holding your drink.
5. If you feel extremely tired or drunk for no apparent reason, you may have been drugged. Find your friends and ask them to leave with you as soon as possible.
6. If you suspect you have been drugged, go to a hospital and ask to be tested.
7. Keep track of how many drinks you have had.
8. Try to come and leave with a group of people you trust.
9. Avoid giving out your personal information (phone number, where you live, etc.). If someone asks for your number, take his/ her number instead of giving out yours.

**TRAVELING AROUND CAMPUS:**

1. Make sure your cell phone is easily accessible and fully charged.
2. Be familiar with where blue light phones are installed around campus.
3. Take major, public paths rather than less populated shortcuts.
4. Be alert and aware of your surroundings and avoid unnecessary distractions.
5. Travel in groups when possible.

---

¹ Provided by Rape, Abuse & Incest National Network (RAINN)
6. If walking feels unsafe, call CSPS at 509-313-2222 for a security escort.

**BEING A SAFE BYSTANDER:**

1. Always take your personal safety into consideration before selecting a C.A.R.E. strategy.
2. Involve others, if possible.
3. Take note of your surroundings and notice potential issues in intervention.
4. Maintain a calm and collected tone of voice if intervening directly.
5. Call 911 or CSPS if you feel you cannot safely intervene.
Section 2: Crime Reporting and Resources

Emergency Reporting

In case of a fire, medical, or police emergency, or any situation that presents an immediate threat to life and property, 911 should be called immediately. After calling 911 and providing complete information, contact the CSPS Communications center at 509-313-2222 or at a blue light phone. CSPS officers work with emergency responders at the scene, providing assistance with directions, building entry, crowd control, etc. In order to most effectively handle emergency situations on campus it is vital that both 911 and CSPS are notified in a timely manner. Situations involving unusual or suspicious activity on campus should be reported directly to CSPS. We highly encourage University community members to promptly and accurately report crimes to both CSPS and SPD when the victim is unable to make the report.

WHEN CALLING 911:

Be prepared to give the following information:

- Your name, phone number, and your exact location. Know the name of the building that you are in, as well as the street address or the closest cross streets. The 911 operator and emergency responders may not be familiar with the campus
- The nature of your emergency, including who, what, how, when, and where
- For a police emergency, tell the 911 operator what the immediate level of threat is and whether suspects are still present. If the suspects have left the scene, give a complete description and direction of travel if possible. Give any vehicle information. Tell the operator if any weapons were seen or used
- For a fire, tell the operator if there is visible smoke or fire, what type of building it is and if there are injuries
- For a medical incident, give the age and condition of the victim, as well as what caused the situation (seizure, slip and fall, car accident, etc.)
- Tell the 911 operator that you will be notifying CSPS (then do so after hanging up)
- The 911 operators need specific information in a specific order. You can do the greatest good by following their lead and being calm, concise and complete

WHEN CALLING THE CSPS COMMUNICATIONS CENTER:

Be prepared to give the following information:

- Your name and location, as well as a call back number
- The nature of your situation, including who, what, how, when, and where
- For emergency situations, specify whether you have called 911, and the immediate level of threat
- Any other information that will assist CSPS personnel in responding to and handling the situation
- When reporting suspicious behavior, be prepared to describe observable, articulable and bias-free facts about the situation causing you suspicion

Non-Emergency Crime Reporting

In addition to reporting emergencies to CSPS (after notifying 911), reports of crimes that are non-emergency in nature or delayed should also be reported to CSPS. At the time the crime is reported, a CSPS Officer will assist the reporting party in making a report with the Spokane Police Department (SPD) if requested. Filing a report with CSPS is not the same thing as filing a report with the SPD. In some cases, the reporting party has the option of requesting a SPD officer to respond. SPD’s normal procedure for non-emergency or delayed crime reports is for the reporting party to call Crime Check 509-456-2233, where a report is generally taken over the phone. An online service is available at: www.spokanecounty.org/crimecheck. Accurate and prompt reporting of all crimes to both CSPS and the SPD is strongly encouraged. As long as the reporting procedures do not violate Title IX responsible employee requirements, a victim or witness of a crime can provide a voluntary, confidential report of a crime for inclusion in the Annual Security Report by calling the Clery Compliance Coordinator at 509-313-2224.
For students: In addition to CSPS, professional staff members of Student Development listed below may be contacted to report offense for purposes of timely warning reports and the annual statistical disclosure, fires after the fact, or safety and security concerns.

Professionals from the Student Development or CSPS staff are available to meet with a reporting party to explain resources and processes within the University, as well as the criminal justice system, and make referrals to appropriate assistance agencies. Incident reports are written for all crimes reported to CSPS. Reports made to Student Development professionals are forwarded to CSPS. Confidential and non-confidential reports from all sources are evaluated to determine if issuing an emergency notification or timely warning to the community is appropriate, and are used to formulate the required annual crime statistics.

Most crimes may be reported to Student Development professionals, as well as CSPS, on a confidential basis if the reporting party does not wish to pursue University disciplinary action or criminal charges, however, the University reserves the right in compelling situations to take reasonable action in response to any crime report. Students who have survived sexual assault can anonymously seek resources through the Lutheran Services 24-hour crisis line 509-624-7273.

Ordained religious professionals and professional mental health counselors employed by the University have a professional obligation to maintain confidentiality information disclosed during a counseling session. The University does not include statistical information about crimes from such sessions unless provided to the Clery Compliance Coordinator (509-313-2224) on a confidential and voluntary basis, withholding any personally identifying information. The University allows pastoral and professional counselors, if they deem appropriate, to advise clients of the options for reporting a criminal incident to the Clery Compliance Coordinator on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics. There are no formal university policies that reinforce or directly encourages counselors to this option.

### Reporting Harassment or Discrimination

This section contains select excerpts from Gonzaga’s Harassment & Discrimination Policy and the Student Code of Conduct. To read the Harassment & Discrimination Policy in its entirety, please refer to [https://www.gonzaga.edu/about/offices-services/human-resources/equity-inclusion/title-ix/harassment-discrimination-policy](https://www.gonzaga.edu/about/offices-services/human-resources/equity-inclusion/title-ix/harassment-discrimination-policy).
REPORTING:
Call 911 if the incident involves a threat to safety, a crime, or if evidence needs to be collected or preserved.

Gonzaga community members are encouraged to bring complaints or concerns about harassing behavior to the attention of the University. Contact information for relevant Departments is listed below:

For CSPS assistance call 509-313-2222. A Gonzaga CSPS officer or other Gonzaga official can assist in an emergency situation. CSPS personnel can also assist individuals with filing a police report.

The University's Bias Incident Assessment and Support (BIAS) Team was created to support people and groups who experience bias incidents, to monitor and report on those incidents, and to recommend educational initiatives to minimize bias. Bias incidents and hate crimes can be reported at www.gonzaga.edu/reportbias.

These offices and professionals will assist in documenting the incident and in providing support and resources. Any of the above to whom a complaint or concern has been reported must promptly notify the EOO, who will coordinate with Student Development when appropriate, to respond to the incident, the needs of the Reporting Party and the welfare of the campus community. The EOO will then investigate or recommend an investigation by a qualified individual from inside or outside the University.

FALSE REPORTS:
Submission of a good faith complaint, concern, or report of harassment will not affect the Complainant’s or reporter's employment, grades, academic standing, or work assignments. However, an individual found to have made a false complaint or report or to have knowingly and willingly given false information during an investigation, will be subject to disciplinary action up to and including student expulsion or termination of employment.

CONFIDENTIALITY:
Gonzaga will process all reports of harassment as discreetly as possible, sharing information on a “need to know” basis only. To properly investigate an allegation of harassment, Gonzaga may need to divulge the identities of individuals involved. Gonzaga will comply with discovery or disclosure obligations as may be legally required.

STATEMENT AGAINST RETALIATION:
Retaliation will not be tolerated against anyone who has reported perceived harassment or a concern about complaint alleging harassment. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment. Anyone found to have acted in a retaliatory manner will be subject to appropriate disciplinary action up to and including student expulsion or termination of employment.
Section 3: The Clery Act

About the Clery Act

The "Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act" was originally enacted in 1990. It is commonly known as the Clery Act and has been amended several times since its inception. The two initial goals of this legislation were to disclose campus crime statistics on an annual basis and to provide timely warnings to the campus community about criminal activity. The most recent amendments added provisions related to fire safety awareness and missing students in campus residential facilities and also afforded additional rights to campus victims of sexual assault, domestic violence, dating violence, and stalking. Gonzaga University supports the goals of the Clery Act, and publishes this Annual Security Report in order to provide transparency in campus criminal activity, to foster community awareness and to increase knowledge of safety provisions. The report is prepared by the Clery Compliance Coordinator, in conjunction with the Director of CSPS and other campus partners.

The Clery Act requires annual reporting of the number of specified criminal offenses that occur on campus or surrounding campus and are reported to CSPS and/or local police. The list of Clery crimes and their definitions can be found on pages 18 through 20. The reporting period is January 1 - December 31 of each year. The statistics for the most recently completed calendar year, as well as the two previous years, must be released in a report by October 1 of each year. The Clery Act also requires the institution to maintain the Daily Crime and Fire Log previously mentioned.

The Director of CSPS or the Clery Compliance Coordinator evaluate incoming CSPS reports for inclusion in the Clery statistics. Additionally, the Resolution Center for Student Conduct and Conflict prepares an extract report of disciplinary referrals for violations of alcohol, drug, and weapon laws by students. SPD reports are collected on an annual basis by the Clery Compliance Coordinator and are evaluated for inclusion. An internal audit of incidents classified as Clery-reportable is conducted to test individual statistics against incidents. The University's Safety Program Manager and Plant Services Department contribute information for the fire safety disclosures. Fire statistics are provided by the CSPS Department.

The Clery Act also requires that this Annual Security Report includes a number of disclosure statements by the institution related to University policies and procedures. Specific provisions of this law stipulate that all students, staff, and faculty of an institution receive this report. In addition, the crime statistics are reported to the Department of Education. Information about the U.S. Department of Education's collection and publication of CSPS statistics, including definitions of crimes and other terms related to the Clery Act may be found at: https://ope.ed.gov/campussafety

CAMPUS SECURITY AUTHORITIES:

The Clery Act recognizes certain university officials and offices as "Campus Security Authorities" (CSAs). Under Federal Law CSA's are required to report a crime. The Act defines these individuals, among other individuals, as “An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline, and campus judicial proceedings. An official is defined as a person who has the authority and the duty to take action or respond to particular issues on behalf of the institution." These individuals are identified and trained by the Clery Compliance Coordinator on an annual basis. CSAs are trained either through an in-person training with testing or an online training with testing, depending on departmental preference. In the event that an identified CSA witnesses or is made aware of the occurrence of a Clery Act crime within Clery geography, they are required to immediately report the crime to CSPS. Reports may be made confidentially to protect the identity of the victim. For more information about CSAs and their responsibilities, refer to the CSA webpage at https://my.gonzaga.edu/campus-resources/campus-security-public-safety/the-clery-act/campus-security-authorities.

## Section 4: Sexual Misconduct and Harassment Reporting, Policies and Procedures

### Confidential and Non-Confidential Resources and Reporting Options

#### What to Do If You Experience Sexual Harassment or Misconduct:

Any student who is affected by sexual misconduct or harassment is notified of their right and option to report to law enforcement and/or seek immediate medical assistance. The notification of law authorities is entirely optional and can always be declined. If the student chooses to notify law enforcement, the student has the option of being assisted by campus authorities in notifying law enforcement. The following table of resources is provided to guide students on their support options, both on and off campus, confidential and non-confidential:

**About Confidential Resources and Reporting Options**

The University is committed to treating all individuals with dignity, care, and respect. A Complainant and a Respondent will both have equal access to support and counseling services through the University. If a student chooses not to utilize services within the University, there are a variety of external services available. Additional resources may be found in the Spokane community.

**HEALTH AND SAFETY:**

The first priority for any individual who has been assaulted is to get to a safe place. An individual's physical well-being should be addressed as soon as possible, whether or not that individual wishes to make a report to the University or local law enforcement. CSPS can still provide its Safe Ride program or security escorts to students who choose not to file a report, but need quick access to safe transportation. The medical providers listed above can facilitate and provide:

1. Emergency or follow-up medical services. The medical exam has two goals: first, to treat the full extent of any injury of physical trauma and to consider the possibilities of sexually transmitted disease or pregnancy; and second, to properly collect and preserve evidence as part of a "rape kit"/sexual assault examination for potential criminal prosecution. (provided only by a trained provider in a hospital)
   
   **IMPORTANT:** do not shower, bathe, douche, brush your teeth, drink or change your clothing, as you may be destroying evidence. This evidence may assist in proving that the criminal offense occurred or may be helpful in obtaining a protection order.

2. STD and HIV testing (available through the Health & Counseling Services Center and off-campus providers)

3. Pregnancy testing (available through the Health & Counseling Services Center and off-campus providers)

4. Health care concerns related to the incident may be discussed with the hospital emergency staff, a personal physician or the Health & Counseling Services Center staff, who can also provide referrals to off-campus providers

5. The Health & Counseling Services Center can also advise an individual about the complaint processes under this policy.

**ADDITIONAL CONFIDENTIAL OPTIONS:**

The University recognizes that not every individual will be prepared to make a formal report to the University or to local law enforcement. Individuals seeking to talk to someone about an incident of sexual harassment or misconduct in a confidential manner without making a report to the University or triggering any investigation or action by the University or the police can:

1. Speak to a medical professional or counselor at University Health and Counseling Services or at any of the medical facilities listed above.

2. Call LCS Northwest's SAFeT Response Center, which is the local sexual assault crisis center and crime victim service center. LCS Northwest's services are completely confidential and they do not exchange information or forward information to the university. LCS Northwest community-based victim advocates have privileged communication outlined by RCW 5.60.060 (7)(b). They can offer confidential support and crisis intervention immediately after an event occurs, or months or years later. They will support survivors in making legal and medical decisions and inform them of their rights and options (on and off campus), and connect them to additional resources and support in the community. These services can include assistance related to visa and immigration. LCS Northwest victim advocates are also trained and certified to provide psychoeducation on the effects of trauma, in a support group setting, or one-on-one with the student. LCS Northwest victim advocates can also assist with Crime Victims Compensation which may pay for hospital visits, follow-up appointments, and counseling, among other expenses. Gonzaga University has retained the contract services of a community-based victim advocate from LCS Northwest to confidentially support survivors of sexual assault and other crimes, such as bullying, stalking, harassment, physical assault, hazing, etc. Advocates can assist in the search of medical care and other community resources as the student's request. If students would like to discuss Title IX or reporting options, LCS Northwest community-based victim
advocates are trained in the Title IX and the reporting process on and off campus. If the student chooses to report the incident, the advocate can provide confidential support before, during, and after the report, and throughout the on or off campus legal process. It is important to note that talking with a victim advocate is not the same thing as making a report with the University. Community-based advocates are independent of the university and do not provide information disclosed to them to the University. LCS Northwest is also available by calling Campus Security and Public Safety at 509-313-2222 or ext. 2222 from a campus phone 24 hours a day.

3. Speak to any Priest serving as a sacramental confessor or any ordained religious serving in the sacred confidence role. Ordained counselors are employed by the Office of Mission and Ministry.

4. Both anonymous and non-anonymous complaints can be submitted to the University by using the Sexual Misconduct, Intimate Partner Violence and Gender-Based Harassment Report Form at www.gonzaga.edu/sexualmisconductform. Anonymous reports or reports that do not include an identifiable complainant, respondent, specific date or date range, location or allegations of misconduct under the policy may limit the University's ability to respond.

About Non-Confidential Resources and Reporting Options

The University encourages all Gonzaga community members to report information about any type of sexual misconduct or harassment of another person involving a current student, staff, or faculty member. An incident does not have to occur on campus to be reported to the University. Off campus conduct that adversely affects or has the potential to adversely affect the Gonzaga community also falls under this policy. The University will promptly investigate and respond to all reports of sexual misconduct and harassment.

When a student or employee reports that they have experienced sexual misconduct or harassment, the institution will provide a written explanation of their rights and options. The University provides equal resources to both a Complainant and a Respondent in making decisions, obtaining information about their rights and options under this policy, and assisting either party in the event that a report of sexual misconduct or harassment is made.

A Complainant need not decide whether to request that the University pursue student conduct processes and/or sanctions at the time the report is made. Once the University is made aware of an incident, the option to request action within the Student Code of Conduct will remain open as long as the Complainant and the Respondent are students. If any party involved in a complaint is no longer affiliated with the University, the University will still seek to meet its Title IX obligation by taking steps to end the harassment, prevent its recurrence, and address its effects.

Under Washington State Law, the University must, within forty-eight hours of receiving a report of alleged sexual assault of a student under the age of 18, make a report or cause a report to be made to Child Protective Services or local law enforcement. The individual who made a report or about whom a report was made will be informed of this requirement by a Student Development professional staff member.

ON CAMPUS REPORTING OPTIONS:

1. To file an official complaint at the University regarding dating violence, domestic violence, sexual assault or stalking, the list of Title IX professional staff on page 28 can be contacted in person, via phone or email, or by emailing titleix@gonzaga.edu

2. CSPS can be contacted 24/7 year-round in person or over the phone at 509-313-2222. A Complainant can request a CSPS Officer to respond and take a report or request to speak with Lutheran Services. There is no requirement that the Complainant file a Security incident report in order to speak with Lutheran Services. CSPS can connect students to other services, in addition to initiating an official report.

3. Complaints can be submitted to the University by using the Sexual Misconduct, Intimate Partner Violence and Gender-Based Harassment Report Form at www.gonzaga.edu/sexualmisconductform.

4. Campus Partners at the Student Development Office (which includes Housing and Residence Life), the Center for Cura Personalis, and the Human Resources Department can all be contacted and can assist in initiating a formal complaint at the University level.
REPORTING TO LAW ENFORCEMENT:

Community members have the option of filing an official report to the Spokane Police Department. Notifying the SPD will generally result in the Complainant, and in some cases the Respondent, being contacted by a police officer. The police Department determines if a criminal investigation will occur and if the case will be referred for prosecution. A case not referred for criminal prosecution will still receive a University response.

An act not criminally prosecuted may still violate University policy. To the extent permitted or required by law, the University will cooperate with outside investigators. However, outside law enforcement agencies do not respond to Title IX violations, and will only respond to allegations of criminal behavior. As a result, the University encourages reporting to both the University itself and to an outside law enforcement agency, if the alleged sexual misconduct may also be a crime.

The University process and the criminal justice process are two separate and independent courses of action. If a Complainant wishes to file a report with the SPD, a Gonzaga Student Development professional staff member, or Human Resources staff member is available to assist. The University will not file a police report about an incident or on behalf of a student unless compelling circumstances exist. The University’s response to a report is not impacted by the Complainant’s decision to file a criminal complaint, or by the outcome of the criminal investigation.

Introduction to University Policies and Procedures

Gonzaga University recognizes the inherent dignity of all individuals and promotes respect for all people in its activities and programs and in the relationships it shares with students, faculty, staff, and the public. Further, the University expects all community members to promote dignity and respect in their daily interactions with each other.

Sexual misconduct and harassment will not be tolerated at Gonzaga University. The University prohibits the crimes of dating violence, domestic violence, sexual assault, and stalking, as defined by the Clery Act. Such acts are counter to our mission, values, Student Code of Conduct, and University policy. Acts of sexual misconduct and harassment interfere with an individual’s ability to benefit from the Gonzaga experience. The University is committed to taking all appropriate steps to eliminate sexual misconduct and harassment, prevent its recurrence, and address its effects.

The University seeks to cultivate a campus culture of prevention and awareness surrounding sexual misconduct and harassment and encourages all members of the Gonzaga community to report any incident of sexual misconduct or harassment. The University will take steps to resolve in a prompt, fair, and impartial manner from the initial investigation to the final result. We do this by providing counseling and support services for individuals and groups who have been affected by sexual misconduct or harassment, by investigating reports in a thorough and equitable manner, by holding students who violate this policy accountable through the Student Code of Conduct, and by providing education and training to the Gonzaga community.

It is a violation of University policy to threaten, intimidate, or retaliate in any way against an individual because he/she raised allegations of sexual misconduct or harassment; participated in an investigation; complaint process or hearing; or filed a complaint alleging harassment. The University will take immediate and responsive action to any retaliation.
Role of the Title IX Coordinator

The University has designated a Title IX Coordinator to oversee its response to all reports of sexual misconduct and harassment and coordinate compliance with the mandates of Title IX. The University's Title IX Coordinator is:

Stephanie Thomas, Title IX Director
102 E. Boone Avenue
509-313-6910
thomassn@gonzaga.edu

The Title IX Director is assisted by the following Deputy Title IX Coordinators:

Christine Purviance, Assistant Director
102 E. Boone Avenue
509-313-5858
purviance@gonzaga.edu

Matt Nelson, EEO Lead Investigator
502 E. Boone Avenue
2nd Floor Crosby
509-313-3998
nelsonm4@gonzaga.edu

Heather Gores, Associate Athletic Director
502 E. Boone Avenue
Martin Centre, PV315
509-313-3599
goresses@athletics.gonzaga.edu

Eric Baldwin, Deputy Title IX Coordinator
502 E. Boone Avenue
College Hall 120
509-313-4135
baldwine@gonzaga.edu

The Title IX Director and Coordinators are knowledgeable and trained in the University's policies and procedures, state and federal laws that apply to matters of sexual misconduct and harassment, and the dynamics of sexual misconduct and harassment. All reports of misconduct will be investigated and managed by Title IX professional staff, or University Conduct Board members who have been trained annually on issues related to domestic violence, dating violence, sexual assault, stalking, and victimization, and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability. The Title IX Director and Coordinators are level one certified through ATIXA. University Board Conduct members receive annual training through the Title IX office regarding relevant evidence, procedural results for conducting a proceeding, and avoiding actual and perceived conflicts of interest. The Title IX Director and Coordinators are available to meet with any individual, either Complainant, Respondent, or third party, to discuss the options for resolution of a report under this policy.

Statement of Privacy and Confidentiality

Gonzaga is committed to protecting the privacy and confidentiality of all individuals involved in a report of harassment or discrimination. Gonzaga will balance privacy and confidentiality with its obligation to conduct a thorough review of the allegation for the purpose of protecting the parties and the broader campus community and maintaining an environment which is free from harassment and discrimination.

1. Privacy generally means information related to a report of misconduct will only be shared with a limited circle of individuals. The use of this information is limited to those Gonzaga employees who “need to know” in order to assist in the active review, investigation or resolution of the report. While not bound by confidentiality, these individuals are required to be discreet and respect the privacy of all individuals involved in the process.
2. Confidentiality means information shared by an individual with designated campus or community professionals cannot be revealed to any other individual without the express permission of the individual. These professionals include those licensed by the State as a medical professional, mental health clinician or clergy serving in their capacity as a sacramental confessor or any ordained religious professional serving in the sacred confidence role.

When Gonzaga has received a report of harassment or discrimination, but the Complainant requests his/her identity remain private or confidential, or that Gonzaga not pursue an investigation, Gonzaga must balance this request for privacy with its responsibility to provide a safe and non-discriminatory environment for all members of the Gonzaga community. Decisions regarding privacy requests will be made by the Title IX Coordinator for gender-based harassment, discrimination, and/or sexual misconduct. Decisions regarding privacy of all other equal opportunity complaints will be made by the appropriate Gonzaga officials. Gonzaga will take all reasonable steps to investigate and respond to the report consistent with the Complainant's request, but its ability to do so may be limited by the request for privacy. However, with the presence of circumstances (including without limitation the seriousness of the alleged harassment and the age of the parties) or evidence of a pattern of repetitive behavior, Gonzaga may conduct further investigation, or take other appropriate measures without the Complainant's consent. A Complainant will be informed whenever legally permissible of any action taken by Gonzaga to resolve the complaint, including further investigation and corrective or disciplinary steps.

If circumstances alleged in a report of misconduct pose an immediate threat to the Gonzaga community or when timely notice must be given to protect the health or safety of the community, Gonzaga may not be able to maintain the same level of privacy. Immediately threatening circumstances include, but are not limited to, reported incidents of sexual misconduct which include the use of force, a weapon, or other circumstances which represent a serious and ongoing threat to Gonzaga students, faculty, administrators, staff, or visitors.

All resolution proceedings are conducted in compliance with the requirements of FERPA, the Clery Act, Title IX, and University policy. No information shall be released from such proceedings except as required or permitted by law and University policy. Publically available recordkeeping, including Clery Act reporting and disclosures, will be maintained and will not include personally identifying information, as defined in section 4002 (a)(20) of the Violence Against Women Act of 1994.

Definitions, Examples and Prohibited Conduct

This policy addresses a broad spectrum of behavior, all of which falls under the definition of sexual harassment.

SEXUAL HARASSMENT

Sexual harassment is defined as any unwelcome sexual advance; request for sexual favors; or other verbal or physical conduct or communication of a sexual nature when:

1. Submission to such conduct is an explicit or implicit condition of employment or academic success; or
2. Submission to or rejection of such conduct is used as the basis for an employment or academic decision; or
3. Such conduct has the purpose of effect of –
   a. interfering with an individual's work or academic performance; or
   b. creating an intimidating or hostile working or academic environment.

Sexual harassment may include sexual misconduct and sexual violence. A single isolated incident of sexual harassment may create a hostile environment if the incident is sufficiently severe. The more severe the conduct, the less need there is to show a repetitive series of incidents to provide a hostile environment, particularly if the harassment is physical. Sexual misconduct and sexual violence can include, but is not limited to, sexual assault, domestic violence, dating violence, sexual exploitation, harassment, and stalking.

Sexual harassment also includes gender-based harassment, which may include acts of verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex or sex-stereotyping, even if those acts do not involve conduct of a sexual nature.

Examples of behaviors which might be considered sexual harassment include, but are not limited to:
1. Demeaning sexist statements, humor or jokes about sex or gender-specific traits, crude sexual remarks, offensive stories, remarks of a sexual nature about a person’s clothing or body, remarks about sexual activity or experiences, sexual innuendo or other suggestive comments, offensive notes, sexual propositions, or insults and threats, that an individual communicates are unwanted and unwelcome.

2. Display or circulation of written materials or pictures degrading to an individual(s) or gender group.

3. Inappropriate or unwelcome physical contact or suggestive body language, such as touching, patting, pinching, hugging, kissing, or brushing against an individual’s body.

4. Undue and unwanted attention, such as repeated inappropriate flirting, compliments about clothing or physical attributes, staring, or making sexually oriented gestures.

5. Pressuring an individual to become involved in sexual activity.

6. Making a student’s work or an employee’s job more difficult because of that person’s sex, gender identity, or sexual orientation.

7. Using a position of power and authority to:
   a. threaten or punish, either directly or by implication, for refusing to tolerate harassment or submit to sexual activity, or for reporting harassment;
   b. promise rewards in return for sexual favors.

8. Sexually assaulting an individual.

9. Engaging in demeaning verbal and other expressive behavior of a sexual or gendered nature in instructional settings.

Sexual misconduct and harassment can take many forms:

1. Sexual misconduct and harassment can occur between equals (e.g., student to student, employee to employee) or between persons of unequal power status (e.g., supervisor to subordinate, professor to student, coach to student-athlete).

2. Sexual misconduct and harassment can be committed by an individual or may be a result of the actions of an organization or group. It can be committed against an individual, an organization, or a group.

3. Sexual misconduct and harassment can be committed by an acquaintance, a stranger, or someone with whom the Complainant has an intimate or sexual relationship.

4. Sexual misconduct and harassment can occur by or against an individual of any gender. This policy prohibits sexual misconduct or harassment against Gonzaga community members of any gender, gender identity or sexual orientation.

SPECIFIC EXAMPLES OF PROHIBITED CONDUCT

The University expects all members of the Gonzaga community to conduct themselves in a manner consistent with the Student Code of Conduct, the Personnel Policies and Procedures Manual, and Faculty Handbook, for students, staff, and faculty respectively. In addition to the range of behaviors identified above as sexual harassment, the following conduct is specifically prohibited by this policy:

Sexual Assault:

Related to Attempted or Actual Penetrations — Having or attempting to have non-consensual vaginal, anal, or oral penetration, however slight, with any object or body part, with another person. This includes intercourse or attempted intercourse under circumstances including:

1. the use or threat of coercion or force;
2. when the other person is incapacitated and that incapacitation is reasonable apparent to the Respondent; OR
3. when the other person does not consent.

Related to All Other Forms of Sexual Contact — Having or attempting to have any non-consensual, non-accidental touching of a sexual nature. This touching can include, but is not limited to, kissing, touching the intimate parts
of another, or causing the other to touch the harasser’s intimate parts. This includes sexual contact under circumstances including:

1. the use or threat of coercion or force;
2. when the other person is incapacitated and that incapacitation is reasonably apparent to the Respondent; OR
3. when the other person does not consent.

**Sexual Based Communication:**
Speaking to, or directing any kind of communication, words, or images of a sexual nature at another person that is not welcomed by the receiving party. If the communication is unwelcome, that is, if it occurs without the other person’s consent or participation it may create a hostile learning and living environment. Sexual-based communication can include interactions in person, by phone, electronic messages and photos, written words or images such as graffiti, and social media postings.

**Sexual Exploitation:**
Taking sexual advantage of another for the Respondent’s advantage or benefit, or for the benefit or advantage of anyone other than the Complainant, and that behavior does not otherwise constitute other forms of sexual misconduct or harassment described in this policy. Examples of sexual exploitation include creating images (including video or still photography) of another person of a sexual nature via web-cam, camera, Internet exposure, etc., without knowledge and consent of all persons; knowingly exposing a person who has not consented to the risk to HIV or any other Sexually Transmitted Disease (STD); inducing incapacitation for the purpose of making the other person vulnerable to sexual assault; and, voyeurism.

**Stalking:**
A pattern of repeated and unwanted attention, harassment (as defined in this policy), contact, or any other course of conduct directed at a specific person that would cause a reasonable person to become alarmed or be in fear of harm or injury, including physical, emotional, or psychological harm. This includes cyber-stalking, a particular form of stalking in which electronic media such as the internet, social networks, blogs, cell phones, texts or other similar devices or forms of contact are used to pursue, harass or make unwelcome contact with another person.

**Domestic Violence:**
A situation in which one partner in a domestic relationship is physically, emotionally, or sexually abused by the other partner. Domestic violence can occur between individuals who are married, who reside together, who share a child, or who are separated following a domestic relationship. Domestic violence can occur between individuals of the same or opposite sex.

**Dating Violence:**
A situation in which one partner in a dating relationship is physically, emotionally, or sexually abused by the other partner. A dating relationship means a social relationship of a romantic or sexual nature. Dating violence can occur between individuals who are separated following a dating relationship. Dating violence can occur between individuals of the same or opposite sex.

**Retaliation:**
Acts or attempts to seek retribution including, but not limited to, any form of intimidation, reprisal, harassment or intent to prevent participation in University proceedings under this policy. Retaliation may include continued abuse or violence, other harassment, and slander, and libel.
DEFINITIONS OF CONSENT, COERCION & INCAPITATION

Consent:
Consent occurs when the parties exchange affirmative words or behavior indicating their agreement to freely participate in mutual sexual activity. Consent must be informed, knowing and voluntary, and freely and actively given. As a general rule, a person will be considered unable to give valid consent if she/he cannot appreciate the “who, what, when, where, why and how” of a sexual interaction. The following further clarifies the definition of consent:

1. Each participant in a sexual encounter is expected to obtain and give consent to each act of sexual activity.
2. If at any time it is reasonably apparent that either party is hesitant, confused or unsure, both parties should stop and obtain mutual consent before continuing such activity.
3. Consent may be withdrawn by either party at any time. Withdrawal of consent must also be outwardly demonstrated by words or actions that clearly indicate a desire to end sexual activity. Once withdrawal of consent has been expressed, sexual activity must cease.
4. Relying on non-verbal communication can lead to misunderstandings. Consent should not be inferred from silence, passivity, lack of resistance, or lack of an active response alone. A person who does not physically resist or verbally refuse sexual activity is not necessarily giving consent.
5. Individuals with a previous or current intimate relationship do not automatically give either initial or continued consent to sexual activity.
6. An individual who is physically incapacitated from alcohol or other drug consumption (voluntarily or involuntarily), or is unconscious, unaware, or otherwise physically helpless is considered unable to give consent. For example, one who is asleep or passed out cannot give consent.
7. An alcoholic in a blackout state may appear to act normally but may not have later recall of the events in question. The extent to which a person in this state affirmatively gives words or actions indicating a willingness to engage in sexual activity, and the other person is unaware – or reasonably could not have known – of the alcohol consumption or blackout, must be evaluated in determining whether consent could be considered as having been given.
8. Alcohol and other drugs impair a person’s decision-making capacity, awareness of the consequences and ability to make judgments, and can create an atmosphere of confusion over whether consent has been freely and clearly sought or given.
9. Being intoxicated or impaired by drugs or alcohol is never an excuse for sexual misconduct or harassment and does not diminish one’s responsibility to obtain consent.

Coercion:
The use, attempted use, or threat of force, immediate or future harm, or the use of physical, severe and/or pervasive emotional intimidation to cause another person to engage in or submit to certain activities. Coercion also includes administering a drug, intoxicant, or similar substance that impairs the person’s ability to give consent.

Incapacitation:
An individual who is incapacitated cannot consent to sexual activity. An individual is incapacitated if he/she is physically helpless, unconscious, or unaware, due to drug or alcohol consumption (voluntarily or involuntarily) or for some other reason. Where alcohol is involved, incapacitation is a state beyond drunkenness or intoxication. Some indicators of incapacitation may include, but are not limited to, lack of control over physical movements; being unaware of circumstances or surroundings; or being unable to communicate for any reason.

Interim Measures to Protect Safety and Well-Being
After a report is made, the University will provide written notification to students and employees about existing services available, both on campus and in the community, as well as information about options for academic, living, transportation, and employment changes, or other protective measures. The University will provide interim support and reasonable protection against further acts of misconduct, harassment, or
retaliation as needed, and will provide services and resources to provide a safe environment. For a listing of services and resources see the Campus and Community Resources section of this policy on page 24. The University will determine the necessity and scope of any interim measures pending the completion of the complaint process. All individuals are encouraged to report concerns about failure of another individual to abide by any restrictions imposed by an interim measure. The University will take immediate and responsive action to enforce a previously implemented interim measure. Interim measures are not appealable. The University will maintain as confidential any accommodations or protective measures provided to the Complainant and Respondent, to the extent that maintaining confidentiality will not impair the ability of the institution to provide accommodations or protective measures. The range of interim measures includes:

CONTACT AND COMMUNICATION DIRECTIVES:

The Complainant or Respondent may request, or the University may impose, even if not requested, communication and contact restrictions to prevent further potentially harmful interaction. A Complainant or Respondent may request a change in an academic or living situation after a report of sexual misconduct or harassment. Any such request shall be made to the Student Development professional staff member assigned to her/his case. Upon request the Student Development professional assigned to the case will inform the Complainant or Respondent of options and will endeavor to accommodate the requested changes if they are reasonably available.

In some cases, an individual may wish to consider a protection/anti-harassment order issued by the appropriate court of the State of Washington. This is a civil proceeding independent of the University. If a court order is issued the University will, to the extent possible, assist the protected person in benefitting from the restrictions imposed by the court and will also facilitate on campus compliance with the order. The court enforces the order through law enforcement. The University does not enforce the order but does enforce its own rules. It is important to note that a civil "no contact" order could prevent the University from conducting a hearing in which students subject to the order are entitled to be present and provide information. A student can return to the court to request modification of the order for the purpose of facilitating attendance at a University hearing.

ACADEMIC, EMPLOYMENT, OR LIVING ARRANGEMENTS:

A Complainant or Respondent may request, or the University may impose, even if not requested, a change in academic, employment, or living situation after a report of sexual misconduct or harassment. Upon request the Title IX Coordinator will inform the Complainant or Respondent of the options and is obligated to accommodate the requested changes if they are reasonably available. The Title IX Coordinator will work with various offices on campus, including Housing and Residence Life and the Center for Cura Personalis, to determine and facilitate appropriate accommodations. Interim changes may include:

1. Changing class or work schedule, including the ability to stop a course without penalty;
2. Limiting an individual's or organization's access to certain University facilities or activities pending resolution of the matter;
3. Obtaining a Voluntary Leave of Absence;
4. Providing an escort to ensure safe movement between classes and activities;
5. Providing academic support services; and
6. Any other remedy which can be tailored to the involved parties to achieve the goals of this policy.

EMOTIONAL SUPPORT:

The University will assist in providing counseling services through the Health and Counseling Services Center or will assist in providing a referral to off campus agencies as detailed in the Campus and Community Resources section of this policy. Counseling and emotional support is available to any University member.
Procedures for the Resolution of Sexual Misconduct and Harassment Reports under the Student Code of Conduct

OVERVIEW OF OPTIONS

The University is committed to providing all students with a safe environment in which to live and learn. Consistent with this goal, the University will respond promptly and equitably when any incident of sexual misconduct or harassment is alleged against a student or the University becomes aware of the situation by other reliable means. The first priority is to offer support and services to members of the Gonzaga community. The University’s response may take a number of forms within its discretion. Potential responses include: offering reasonable protection and services to the Complainant or others; conducting a Title IX inquiry or review; conducting an investigation; contacting the Respondent; imposing corrective or restrictive measures; and/or conducting a hearing pursuant to the Student Code of Conduct.

The Student Development Office, working in conjunction with the Title IX Office, administers the process of receiving, responding to and resolving reports when students are involved. If a report involves a student and a staff or faculty member, the Student Development Office will work cooperatively with the University’s Equal Opportunity Officer and Human Resources. This policy is consistent with the University’s overall harassment and discrimination policies.

REVIEW AND INVESTIGATION

The University will review and respond to all reports of sexual discrimination, misconduct, and harassment. In every case, the University will make an immediate assessment of any risk of harm to individuals or the campus community and will take appropriate steps to address any risks. Following this initial review, the University may take steps to investigate or otherwise determine what occurred. The University will take all reasonable steps to investigate and respond to the report consistent with the Complainant’s request; however, circumstances may exist when the University chooses to move forward with an investigation and/or resolution under either the student conduct or employee disciplinary system, or take other appropriate measures without the Complainant’s consent. The University will investigate the report in a thorough and equitable manner to all parties involved. These investigative steps may include interim measures intended to provide for the safety of individuals and the campus community. The University’s overarching goal is to end any misconduct, to prevent its recurrence, and to address its effects.

Generally speaking, the University will complete the investigation and resolution of all reports within 60 calendar days of receiving a report. Parties will be notified in writing of the final outcome within ten calendar days of the hearing or other action which concludes the report process.

TITLE IX INQUIRY

In every report of sexual harassment or misconduct, the Title IX Coordinator will review the report; provide investigative steps; and will endeavor to ensure that all appropriate remedies have been considered and implemented as needed.

A Complainant is encouraged, but never pressured, to participate in the University’s investigation and conduct process so that the facts of each report can be explored and responsible parties held accountable for their misconduct, if warranted. If a Complainant chooses not to participate in a full investigation and/or student conduct hearing, the University will still undertake a Title IX inquiry to review the report and seek to reach a resolution that will eliminate any harassment, prevent its recurrence, and address its effects.

STUDENT CODE OF CONDUCT REPORTS

Reports of student to student or student to faculty/staff sexual misconduct or harassment will be adjudicated under the Student Code of Conduct.

After a Complainant has submitted a report alleging misconduct, a trained staff member from Student Development will meet with the Complainant. The purpose of meeting is to assure that all University services and resources are made available to the Complainant. The Respondent will also be afforded the opportunity to meet with a Student Development staff person for the same general purposes.

In all cases, the Title IX Coordinator will assess the processes utilized and the resulting resolutions for the purpose of determining whether there are additional remedial measures, support mechanisms or educational
efforts that would further the goals of eliminating harassment, preventing its recurrence, and addressing its effects.

**UNIVERSITY CONDUCT BOARD HEARINGS:**

Complainant participation in hearings related to alleged violations of Gender-based Harassment, Discrimination, and Sexual Misconduct, or alleged crimes of violence:

1. Complainants have an identical right to be present at and to participate in all hearing processes as outlined in Hearing Procedures.

2. The panel chair may allow the contesting parties to be screened from the vision of one another during the hearing, may make arrangements for attendance by video conference, or make other appropriate accommodations, all within their sound discretion.

3. The Complainant will have the opportunity to present any relevant information in the case against the accused party. This information may be presented by the introduction of any available and relevant documents, physical evidence or through the in-person testimony of witnesses. The panel chair, the Respondent and the UCB members may direct reasonable questions to witnesses presented by the Complainant.

4. The Complainant and the Respondent may not directly question one another unless granted permission to do so by the panel chair. If a request to allow direct questioning between the parties is made, the panel chair shall enter into the record a written finding in support of their decision. If a request to allow direct questioning is denied, the chair, at their discretion, may allow the parties to pose additional questions or inquire further into specific matters by submitting these questions/requests in writing to the chair. The chair may then, at their discretion, pose the submitted questions to the other party. If necessary, a brief break may be granted to allow both parties an opportunity to prepare and submit such questions/requests. The chair is empowered to disallow or reframe any questions that are irrelevant, redundant, or otherwise inadmissible.

5. In matters alleging a violation of the University’s Harassment and Discrimination Policy no information facts or evidence bearing upon the prior sexual conduct of a party shall be introduced into a hearing process absent permission to do so granted by the hearing panel chair. Where a Respondent and Complainant have a prior intimate or sexual relationship this information may be relevant to determine responsibility, however, the mere fact of a current or previous consensual intimate or sexual relationship between the two parties does not itself imply consent or preclude a finding of responsibility for sexual misconduct. Any prior sexual conduct of the Complainant unrelated to the Respondent is not relevant and shall not be considered. The prior unrelated sexual misconduct of the Respondent may be relevant to the issue of appropriateness of sanction.

6. Complainants will also be simultaneously notified in writing of the outcome of the case. Notification will be made in compliance with privacy laws, including but not limited to FERPA. Notification shall include information regarding how an appeal may be filed. Following an appeal, the Complainant and Respondent will also receive simultaneous notification of any change to the result of a proceeding and when such results become final.

Upon written request, the university will disclose to the Complainant of a crime of violence or non-forcible sex offense the report on the results of a university disciplinary proceeding against the Respondent. If the Complainant is deceased as a result of such crime or offense, the next of kin of such Complainant will be treated as the Complainant if so requested.
Procedures for the Resolution of Sexual Misconduct and Harassment Reports for Faculty and Staff under the Gonzaga University Policies and Procedures Manual

This section contains select excerpts from the Gonzaga University Policies and Procedures Manual, referencing the disciplinary procedures for faculty and staff as related to cases of alleged dating violence, domestic violence, sexual assault or stalking. To read the manual in its entirety, please refer to https://my.gonzaga.edu/faculty-staff-services/human-resources/policies-and-handbooks.

Reporting

While certain community members are mandatory reporters, Gonzaga encourages all community members to report information about any type of gender-based harassment, discrimination, and/or sexual misconduct involving students, staff or faculty members. An incident does not have to occur on campus to be reported. Off campus conduct which adversely affects or has the potential to adversely affect the Gonzaga community also falls under this policy. Gonzaga will promptly investigate and respond to all reports of sexual misconduct, harassment and discrimination.

Gonzaga provides resources to both Complainants and Respondents in making decisions, obtaining information about their options under this policy and assisting either party in the event that a report of gender-based harassment, discrimination, and/or sexual misconduct is made.

A Complainant need not immediately request an investigation or disciplinary actions at the time the report is made. Once Gonzaga is made aware of an incident, the option to request action will remain open as long as the Complainant and/or Respondent are current students, staff, faculty or are otherwise subject to this policy. If any party involved in a complaint is no longer affiliated with Gonzaga, Gonzaga will still seek to meet its Title IX obligation by taking steps to end the harassment, prevent its recurrence and address its effects.

Under Washington State Law, Gonzaga must, within forty-eight hours of receiving a report of alleged sexual assault of an individual under the age of eighteen (18), make a report or cause a report to be made to Child Protective Services or local law enforcement. An appropriate Gonzaga professional will notify the reporting party of Gonzaga’s mandatory reporter requirements.

Coordination with Law Enforcement:

Notifying Law Enforcement may result in the Reporting Party, Complainant and/or Respondent being contacted by a police officer. The police department determines if a criminal investigation will occur and if the case will be referred for prosecution. A case not referred for criminal prosecution may receive a Gonzaga response.

An act not criminally prosecuted may violate Gonzaga policy. To the extent permitted or required by law, Gonzaga will cooperate with outside investigators. Gonzaga encourages reporting to both Gonzaga and an outside law enforcement agency, if the alleged gender-based harassment, discrimination, and/or sexual misconduct may also be a crime.

Gonzaga process and the criminal justice process are two separate and independent courses of action. If an individual wants to file a report with Law Enforcement, a Gonzaga professional staff member is available to assist. Gonzaga generally will not file a police report on behalf of an individual, unless circumstances warrant. Gonzaga's response to a report is not impacted by the filing of a criminal complaint or by the outcome of the criminal investigation.

Amnesty:

It is Gonzaga's goal that all individuals report all incidents of sexual misconduct so that those affected can receive the support and resources needed. Therefore, violations of Gonzaga's alcohol and drug policies by a Reporting Party or a Complainant may be exempt from disciplinary action in situations where gender based harassment, discrimination, and/or sexual misconduct also occurs. However, Gonzaga may initiate an educational discussion about the use of alcohol or drugs and their impact.
False Reports:
Submission of a complaint, concern or report of harassment will not affect the Reporting Party’s or Complainant’s employment, grades, academic standing or work assignments.

Interim Measures
After a report is made, Gonzaga will provide interim support and reasonable protection against further acts of misconduct, harassment or retaliation as needed, and will provide services and resources to provide a safe environment. For a listing of services and resources see the Campus Resources section of this policy.

Gonzaga will determine the necessity and scope of any interim measures pending the completion of the complaint process. All individuals are encouraged to report concerns about failure of another individual to abide by any restrictions imposed by an interim measure. Gonzaga will take immediate and responsive action to enforce a previously implemented interim measure. Interim measures are not appealable.

The range of interim measures includes:

- **Contact/Communication Directives:** The Complainant or Respondent may request, or Gonzaga may impose, even if not requested, communication and contact restrictions to prevent further potentially harmful interaction. Any such request shall be made to the investigator. Upon request the investigator assigned to the case will inform the Reporting Party or Respondent of options and will endeavor to accommodate the requested changes if they are reasonably available.

  In some cases, an individual may wish to consider a protection/anti-harassment order issued by the appropriate court of the State of Washington. This is a civil proceeding independent of Gonzaga. If a court order is issued Gonzaga will, to the extent possible, assist the protected person in benefitting from the restrictions imposed by the court and will also facilitate on-campus compliance with the order. The court enforces the order through law enforcement. Gonzaga does not enforce the order but does enforce its own rules.

- **Academic, Employment or Living Arrangements:** A Complainant or Respondent may request, or Gonzaga may impose, even if not requested, a change in academic, employment or living situation after a report of sexual misconduct, harassment or discrimination. Upon request Gonzaga will inform the Complainant or Respondent of the options and will endeavor to accommodate the requested changes if they are reasonably available. Interim changes may include:
  - Class or work schedule changes
  - Limiting access to certain Gonzaga facilities or activities
  - Leave of Absence
  - Campus Security escorts across campus
  - Academic support services
  - Other remedies which can be tailored to the involved parties to achieve the goals of this policy

- **Emotional Support:** Gonzaga provides counseling services through the Health and Counseling Center for students, or the Employee Assistance Plan (EAP) for staff and faculty. These resources also provide referrals to off campus agencies.

Procedures for Resolution of Gender-Based Harassment, Discrimination, and Sexual Misconduct

Overview of Potential Resolution Outcomes:

Gonzaga is committed to providing all students, staff, and faculty with a safe environment in which to live, learn and work. Consistent with this goal, Gonzaga will respond promptly and equitably when any incident of gender-based harassment, discrimination, and/or sexual misconduct is alleged against an individual or Gonzaga becomes aware of the situation by other reliable means. The first priority is to offer support and services to members of the Gonzaga community. Gonzaga’s response may take a number of forms within its discretion. Potential responses include offering reasonable protection and services to involved parties, conducting a Title IX inquiry or review, conducting an investigation, imposing corrective or restrictive measures (including any student conduct outcome up to suspension or expulsion or employee remediation including termination) and conducting resolution processes.
Review and Investigation:
Gonzaga will review and respond to all reports of sexual discrimination, misconduct, harassment, and discrimination. In every case, Gonzaga will make an immediate assessment of any risk of harm to individuals or the campus community and will take appropriate steps to address. Following this initial review, Gonzaga may take steps to investigate or otherwise determine what occurred. Gonzaga will take all reasonable steps to investigate and respond to the report consistent with the Complainant’s request; however, circumstances may exist when Gonzaga chooses to move forward with an investigation or resolution or take other appropriate measures without the Complainant’s consent. Gonzaga will investigate the report in a thorough, equitable, and expeditious manner. These investigative steps may include interim measures intended to provide for the safety of individuals and the campus community. Gonzaga’s overarching goal is to end any misconduct, to prevent its recurrence, and to address its effects. Generally speaking, Gonzaga will attempt to complete the investigation and resolution of all reports within 60 calendar days of receiving a report.

Resolution of Complaints:

1. Student Development has staff designated for resolving student-to-student complaints as well as complaints of harassment or discrimination against a student by an unknown party. Reports where a student is the Respondent will be resolved under the Student Code of Conduct.

2. The Equity and Inclusion Office or academic administration is responsible for resolving complaints against a faculty/staff member. Reports where a staff member is the Respondent will be resolved under Gonzaga University Policies and Procedures Manual. Reports where a faculty member is the Respondent will be resolved under the Faculty Handbook.

Complaints of harassment or discrimination involving both a student and a faculty/staff member are jointly handled by Student Development, the Office of Equity and Inclusion and by appropriate officials within the academic administration.

Parties will be notified in writing of the final outcome of the hearing or other action which concludes the report process.
Section 5: Additional University Policies and Procedures

Missing or Absent Student Policy

As adults, Gonzaga University students have the right to come and go as they please and to choose to let others know if they will be gone from campus. In virtually all cases of unexpected absence reported by friends or acquaintances the student returns or contacts someone within a short time. There may be cases when an unexpected absence is more serious and there is a concern the student is missing and his/her safety is at risk. Gonzaga University defines a “Missing Student” as “a person absent contrary to his/her usual pattern of behavior and unusual circumstances may have caused the absence, or known facts indicate his/her safety may be at risk. Such factors could include, but are not limited to: a report or suspicion of foul play; suicidal or self-destructive comments or behavior; alcohol or drug dependency; or association with persons who may endanger the student’s welfare.”

A report of a student being absent or missing under unusual or unexplained circumstances must be immediately directed to the CSPS Communications Center, 509-313-2222. This office is staffed 24 hours a day, 365 days a year. Reports may also be made to the Student Development office, College Hall 120, 509-313-4100. This office is open Monday-Friday 8:00 am until 5:00 pm. In addition, reports of missing persons may be made to following:

<table>
<thead>
<tr>
<th>Area Coordinator, Upper Div. &amp; Off Campus</th>
<th>509-313-4881</th>
</tr>
</thead>
<tbody>
<tr>
<td>Area Coordinator, Lower Div., Residence Halls/Suites</td>
<td>509-313-3387</td>

<td>509-313-4104</td>

<td>509-313-5887</td>

</tbody>
</table>

Anyone receiving a missing student report must immediately bring it to the attention of CSPS.

If the University is advised of the unusual or unexpected absence of a student, reasonable steps will be taken to gather information in order to locate the student or establish his or her well-being. CSPS is responsible for conducting an inquiry and making a determination the student is “missing.” As part of an inquiry, instructors, advisors, parents, friends, law enforcement officials, and others may be contacted. In addition, social media sites such as Facebook, Twitter, etc. may be accessed and activity on University-issued email accounts may be checked.

The Clery Act contains provisions specifically related to missing or absent students who reside in University residential facilities. The following policy and procedures apply only to those students.

Any student living in a University-owned, leased, managed, or operated residential facility may list a confidential contact person or persons to whom the University will notify within 24 hours of a determination by the CSPS Department that the student is missing. The confidential contact information will be maintained.
jointly by the CSPS Department and the Office of Housing and Residence Life. Students will be prompted to designate a confidential contact on the ZagLiving platform when submitting a housing application. This information is confidentially maintained, will be accessible only to authorized campus officials and will not be disclosed except to law enforcement personnel as part of a missing person’s investigation.

If a student is under 18 years of age and not emancipated (legally independent of his/her parents/guardians), the University will notify the student’s custodial parent or guardian in addition to any confidential contact person listed by the student.

Regardless of whether a residential student lists a confidential contact person, is above the age of 18 years, or is an emancipated minor, the CSPS Department will inform the SPD within 24 hours of the determination that a student is missing. When the CSPS Department notifies the SPD of the missing student report, SPD will become the lead agency on the investigation. CSPS will assist the SPD with continued inquiry within the campus community.

Nothing in this policy restricts Gonzaga University from making notifications earlier than noted above if deemed appropriate under the circumstances. Nor does this policy restrict Gonzaga University from contacting other individuals if deemed necessary to prevent harm to a student or others, necessary to the inquiry or investigation, or otherwise appropriate under the circumstances.

**Housing and Residence Life Policies – Selected Sections**

The Policies and Expectations contained within this section apply to residents and guests of all buildings operated by the Office of Housing and Residence Life.

1. **Absences:** Prolonged and unannounced absences from your room may be investigated to assure either that you are safe or that you are in compliance with your residency requirement or rental agreement. This may involve room entry, contacting emergency contacts or roommates, or even reporting the situation to the local police department. Please see the section on “Missing Students.”

2. **Entry, Search, and Confiscation:** The Entry, Search, and Confiscation Procedures contained within this section apply to residents and guests of all buildings operated by the Office of Housing and Residence Life.
   a. **Entry, University Official** – Entry by a University Official may occur for a number of reasons. Examples include: (a) to insure that health and/or safety standards are being met, including safety inspections during vacation periods/Christmas break; (b) for purposes of repair, construction, or inventory; or (c) when there exists reasonable suspicion that a violation of University policy or law is being committed, or has been committed; and/or that a delay in such entry would endanger the health and safety of the resident, residential community or property, or result in the probable destruction of material relating to the violation. Where possible, notice of intent to enter a room or property will be given to the resident in advance. However, advance notice of room entry may not be practical when emergencies arise.
   b. **Entry and Search, University Official** – The entering of a room and a subsequent search of that room may occur when there exists a reasonable suspicion that a violation of student conduct expectations is being committed, or has been committed, and/or the delay would endanger the health and safety of the resident, residential community, and/or result in the probable destruction of material relating to the violation.
   c. **Confiscation of Items** – Any item within a University residential facility which is prohibited or which reasonably indicates a violation of University policy is subject to removal and confiscation. This includes, but is not limited to, items within backpacks and storage containers not owned by the University. Removal of the item does not require express permission on the part of the room occupant(s). The University reserves the right to confiscate, retain, and dispose (at any time) of any and all illegal, dangerous, or prohibited items, regardless of value or ownership. Items confiscated under this policy are generally not available to be returned to a student. Residence and Security staff are not able to promise, guarantee or arrange for items to be returned. A written request must be made to the Student Development Office before the end of the current term for consideration of extraordinary situations.
3. **Fire Escapes:** Students are prohibited from loitering upon, or conducting any activity on or from, a fire escape or fire escape platform.

4. **Fire/Smoke Detection Equipment:** All University residences are equipped with fire and/or smoke detectors, many of which operate using batteries as a primary or back-up source of power. Students are required to maintain their fire/smoke detectors in working order. If a fire/smoke detector (a) does not operate when tested, or (b) alerts the student to a failing battery, the student must promptly contact the Plant Services department (extension 5656) to make a maintenance request for the repair of the unit.

5. **Guests and Overnight Visitors:** The right of a student to live in reasonable privacy takes precedence over the right of his/her roommate to entertain a guest in the room, suite, or apartment—regardless of gender—at any time of the day or night. Additionally, the University provides and maintains its residences for the use of legitimate rent-paying students (and their spouses and dependents where applicable). As such the Housing and Residence Life Department has established the following policy regarding guests and overnight visitors.
   
a. Anyone visiting a student in their room, apartment, suite, or hall, or house is considered a "guest" of that student. As a "host" you are responsible for your guests' compliance with the Student Community Standards whether or not you are present in any situation where concern arises. This includes individual bedrooms, suites, apartments, houses and common areas within the residence halls. Additionally, students who have been found to frequent living areas will be presumed to be "guests" of the resident(s) unless there is a determination of forced entry. Guests can be any of the following, but not limited to the following:
   
   - Other residence hall students
   - Friends and acquaintances living off campus not associated with Gonzaga University
   - GU students who live off campus visiting residence halls
   - Family members
   - "Friends of friends" who accompany a guest into a residence hall, regardless of the relationship to the hosting student
   
b. Visitors to any residence hall must be escorted by a current resident of that hall while they are visiting, whether inside the room or in a common area. Visitors who are found to be without an escort may be required immediately to leave the building and/or campus.

c. All guests are all allowed until 2:00 am on any given night.

d. Only students registered with the Housing and Residence Life Office as actual residents of a space may live in that space. Please note the following examples of violations of this policy:
   
   - Residents who want to swap rooms without permission from the Housing and Residence Life
   - Non-students (including relatives) and students who have not made arrangements for residing in that space through the Housing and Residence Life Office
   - Friends or relatives who stay more than one night
   - Off campus Gonzaga students who need a place to stay for a few days or weeks
   - A "significant other" who spends the night or multiple nights
   
e. In order to foster an atmosphere of study, security, and to provide a measure of privacy, visitation is limited in all residence halls, suites, apartments, and University managed off-campus apartments/houses. Parameters for visitation are: Seven days a week: 9:00 a.m. - 2:00 a.m.

f. Outside of the established visitation hours, it is expected that all group conversations, study sessions, and activities including both sexes move to a public area of their building. It is expected that only residents of the living unit will be in the living unit after hours and any quiet conversation, music or television in the living unit will be occurring behind closed bedroom doors in keeping with the Quiet Hours Policy.
6. **Windows/Window Screens:** Window screens are not to be loosened or removed under any condition. If your screen comes loose by itself, please place a work order to have it repaired. A missing screen at the year’s end will be charged to the resident(s) in damage charges. Endangering the safety or property of others by dropping/throwing objects from windows, endangering oneself by sitting on the window ledge or by climbing in or out windows will result in disciplinary action. Banners, flags, posters, and other hangings are not allowed to be displayed outside of windows or from ledges.

**Student Code of Conduct –Selected Sections**

**ALCOHOL POLICY**

1. The use of alcoholic beverages on University property, at University events, and off-campus must be consistent with University policy and applicable law. In the case of branch campuses or programs, the use of alcoholic beverages must be consistent with the laws of the jurisdiction where University programs are located. All state and local laws regarding alcohol are also University rules.

   A. A person must be 21 years of age to acquire, possess or consume any alcohol.

   B. It is a violation for any person under the age of 21 years to purchase or attempt to purchase any alcohol.

   C. It is a violation to sell, give, or otherwise supply alcohol to any person under the age of 21 years or permit any person under that age to consume alcohol on their premises or a premises under their control.

   D. It is a violation to misrepresent age and to use false or forged documents (such as a driver's license from any state) to obtain alcohol.

   E. It is a violation to consume alcoholic beverages when consumption leads to dangerous or disruptive behavior, over-intoxication, or public drunkenness.

2. The University reserves the right to confiscate, retain and dispose of/destroy any and all alcohol-related items regardless of value or ownership.

3. Spokane Campus: University owned, leased, or managed non-residential property and buildings

   A. University regulations do not permit the possession or consumption of alcoholic beverages in common areas (both interior and exterior).

   B. Only recognized student organizations may seek authorization for events with alcoholic beverages present. Authorization may be granted by submitting an Event Request form on Zagtivities. Request for such events does not guarantee permission will be granted. For information about recognized student organizations, please refer to the Center for Student Involvement.

   C. Student organizations which violate University alcohol policies may be held accountable by processes outlined in Club Policies. In addition, individuals involved may be held accountable through the Student Code of Conduct.

4. Spokane Campus: University owned, leased or managed residential property and buildings

   A. The possession, consumption, use, display, sale, or distribution of alcohol, including alcohol paraphernalia and empty alcohol containers, is prohibited in all residential facilities, including interior and exterior common areas and grounds, balconies, patios, lounges, lobbies, and stairways except as provided in e. below.

   B. Games and other behaviors designed to facilitate, promote, or replicate competitive, excessive, accelerated, or abusive consumption of alcoholic beverages (e.g. “beer bongs”, pong table set-ups, “shotgunning”) are prohibited. Equipment, supplies, and paraphernalia designed for use in these games and other behaviors are also prohibited.

   C. Mass quantities of alcoholic beverages are prohibited. This includes, but is not limited to such things as kegs, multiples cases of beer, and stocked bars.
D. Residents in rooms/suites/apartments are responsible for guest compliance with the alcohol policy. As such, residents may be held accountable for their actions and the actions of their guests, whether they are present or not at the time of the behavior and/or possessing or consuming alcoholic beverages personally.

E. Alcohol consumption consistent with University policy and the concept of responsible and moderate use is permitted in a room/suite/apartment when 1) all assigned residents of the room/suite/apartment are at least 21 years of age, and 2) the room/suite/apartment is in a building/area designated for of-age students by Housing and Residence Life.

**DRUG POLICY**

1. The use of drugs must be consistent with University policy and applicable state and federal law. The following prohibited conduct applies:
   
   A. Possession, use, or consumption of drugs.
   
   B. Possession, use, manufacture, or sale of drug paraphernalia.
   
   C. Manufacture, sale, distribution, transfer, or possession with intent to manufacture, deliver, or sell drugs.
   
   D. Unauthorized possession or misuse of prescription drugs or other products.
   
   E. Being under the influence of drugs leading to an altered state or intoxication.

2. Definitions broadly include, without limitation, the following:

   A. Consumption: Breathing, inhaling, ingesting, injecting, smoking, snorting, and/or swallowing.

   B. Drugs: Any stimulant, intoxicant (other than alcohol), nervous system depressant, hallucinogen, or other chemical substance, compound or combination when used to induce an altered state, including any otherwise lawfully available product used for any purpose other than its intended use (e.g., the misuse of prescription drugs, over the counter drugs, or household products). The University classifies drugs into three categories:

   1) Marijuana: Cannabis or the psychoactive compounds found in marijuana and intended for human use or consumption, regardless of form. Although Washington State Chapter 69.50 RCW allows persons over the age of 21 to possess small amounts of marijuana for personal use, Gonzaga University abides by federal law prohibiting the possession, use, consumption, purchase, manufacture, distribution, or sale of marijuana, regardless of age.

   2) Drugs and/or controlled substances: Cocaine, heroin, LSD and other hallucinogens, barbiturates and other sedative-hypnotics, amphetamines, methamphetamines, MDMA (Ecstasy), PCP, and any drugs or substances listed on Federal or Washington State schedules of controlled substances.

   3) Misuse of prescription drugs or other products: Opiates/pain-killers (i.e. morphine, oxycodone), stimulants (i.e. Ritalin), sedative-hypnotics (i.e. barbiturates, anxiolytics), and other psychoactive drugs. This includes taking medication without a prescription, taking more than the prescribed dose of a medication, sharing with individuals not prescribed such medication, or using a prescription medication or other lawfully available product (over the counter drugs, or household products) for a purpose or in a manner other than the intended use (i.e. to produce an altered state or intoxication).

3. The University reserves the right to confiscate, test, and dispose of/destroy all drug-related items regardless of value or ownership.

For further information about the University's compliance with the Drug-Free Schools and Campuses Regulations and the Higher Education Act, the University's drug and alcohol policies, and programs specific to drug and alcohol abuse education, refer to the 2018 Drug Free Schools and Communities Act, which can be viewed in its entirety at https://www.gonzaga.edu/about/our-campus-location/campus-safety/about-campus-security-public-safety/drug-free-schools-and-communities-act.
WEAPONS, FIREWORKS, AND EXPLOSIVES POLICY

The presence and use of weapons on campus presents a potential threat to the safety of all community members. Use or display of weapons may result in threat or injury to self or others. Use or display of weapons, whether intentional or not, is generally inconsistent with the University’s student code of conduct and may be illegal.

Possession, use, display, sale or exchange of weapons at any location on campus, including University residential facilities and privately-owned vehicles, is prohibited. The term "weapon" means any object designed to propel an object, inflict a wound, cause injury, incapacitate, damage property or cause a reasonable fear of such, and includes, but is not limited to, all firearms, pellet/BB/air guns, paintball guns, home-manufactured cannons or explosive devices, bows and arrows, slingshots, clubs, martial arts devices, switchblades or otherwise-illegal knives or knives with a blade longer than three inches (with the exception of kitchen knives in our University homes and apartments). Replica guns and other simulated weapons are included within this policy. Objects otherwise not considered weapons, and knives with blades less than three inches, may be included within this policy if used as a weapon. Fireworks, flammables, explosives and chemicals of an explosive and/or flammable nature are also prohibited.

Exceptions to this policy may be authorized by the Director of Security & Public Safety. The University retains the right to search persons, possessions and bags and privately-owned vehicles on University property, and to confiscate, retain and dispose of/destroy all items covered by this policy regardless of value or ownership. Law enforcement may be contacted for some violations of this policy.

GUEST CONDUCT AND RESPONSIBILITY POLICY

Anyone visiting a student on campus is considered a “guest” of that student and the host is responsible for that guest’s conduct in relation to the policies and expectations of the University.

HAZING POLICY

Traditions are important at Gonzaga and some of these traditions include rituals and rites of passage that link students to the University’s past and help them prepare for the future. These actions can build important bonds between individuals and groups. It is imperative to remember that the relationships and bonds that are created in our community are to always be deeply rooted in mutual respect, and not through senseless activities or humiliation.

Any hazing actions, including, but not limited to, those which produce mental discomfort, physical discomfort, or ridicule are expressly prohibited. Willing participation by persons suspected of being hazed does not override this policy. Hazing is a form of victimization. It is pre-meditated and not accidental. Hazing consists of a broad range of behaviors that may place another person in danger of physical or psychological discomfort or harm or activities that demonstrate disregard for another person’s dignity or well-being. A level of coercion is often involved, i.e. those being hazed either couldn’t or didn’t feel they could opt out because of the peer pressure involved and the desire to belong to the group. Hazing incidents typically involve perpetrators (the planners and organizers), bystanders (those who participate but were not hazed or involved in the planning or organizing), and victims, (those who were hazed). All involved are responsible for their behavior, but consequences will generally differ based on the seriousness of the incident and one’s level of responsibility, planning or participation.

Hazing is a form of harassment. Hazing is not limited to group activity alone, but includes individual behavior, that subjects another to abusive conduct, or ridiculous or annoying tricks or pranks. Because hazing and some initiation-related practices threaten the self-esteem and safety of students, and subsequently the University as a whole, Gonzaga adopts the following policy statement:

1. Hazing is defined as any act or process that endangers the mental or physical health or safety of a student, or that damages or removes public or private property for the purposes of initiation, admission into, affiliation with, or as a condition for continued membership in a group, team or organization.

2. Hazing-related conduct includes, but is not limited to, embarrassment; ridicule; sleep deprivation; verbal or physical abuse; personal humiliation; excessive fatigue; physical and/or psychological shock; humiliation encouraging or requiring a person to consume alcohol, drugs or foreign or unusual...
substances; requiring the wearing of conspicuous apparel in public; requiring the carrying of “burdens” in public; and moral degradation or substantial interference with the person’s educational pursuits.

3. Student groups, teams and organizations, as well as individual students, are expected to design their programs and policies in accordance with the principles of Gonzaga University as described in the University Mission Statement and the Student Code of Conduct.

4. Individual members, organizational activities, and developed policies should promote the ideals of the University and its Jesuit foundations, which emphasize individual well-being, a strong academic commitment and respect for oneself and for others.

5. Encouraged or forced violation of any University rule, policy, or expectation of the law.

Student organizations and individuals failing to adhere to this policy statement and/or behavioral expectations will be subject to disciplinary actions and sanctions as outlined in the Student Code of Conduct, and may also be subject to criminal prosecution pursuant to Washington State Law (RCW.28B.10.901).

IDENTIFICATION CARD POLICY

Students must maintain and carry an official student identification card for the entire period they are affiliated with Gonzaga University.

The student ID card is the property of Gonzaga University and must be presented upon a reasonable request of a University Official in the performance of their duties and may be revoked at any time by the University.

No one other than the person to whom the card is issued is to use the official student ID card. Transfer, alteration, falsification, or forgery of the student ID card is prohibited.

To learn more about the ZAGCARD, including information on how to manage lost or stolen ID cards, visit the ZAGCARD Terms and Conditions section of the Campus Card Services website.

KEYS, PASS CARDS AND CODES POLICY

Unauthorized possession, duplication or use of a key, pass card, or code to any University premises, is prohibited.

Loaning a key, pass card, or code to any other person for the purpose of entering a University premises without being accompanied by the legitimate key, pass card, or code holder is prohibited. This includes student identification cards equipped with proximity readers for building entry or other swipe-type cards and keypad codes.

RESTRICTED AREA POLICY

Unauthorized entrance, occupancy, or use of University property or premises, including but not limited to, entry onto roofs, secured areas, maintenance and custodial areas, construction sites, departmental storage closets, areas not intended for student use, and Lake Arthur and the Spokane River adjacent to University property is prohibited.

Student Code of Conduct Administrative Guidelines

1. Authority

   Student Development is responsible for the implementation and administration of the Student Code of Conduct. The determination as to which process will be utilized for the hearing and resolution of allegations of misconduct shall be made by the Resolution Center. The University reserves the right to make any exceptions to written disciplinary procedures if deemed necessary.

2. Preponderance of Evidence Standard

   The University uses a preponderance of evidence standard, also known as “more likely than not”. A determination of responsibility is based on a finding that the student more likely than not committed the act alleged.

3. Terminating a Conduct Process

   If the conduct officer(s) administering a conduct process receives information that suggests another conduct process would be a more appropriate setting, or receives information that suggests an
incident involves an alleged violation of the University's Harassment and Discrimination Policy, the conduct officer(s) will stop the meeting. The Resolution Center will:

a. Schedule the appropriate conduct process, or
b. Consult with the University's Title IX Coordinator to initiate the review and resolution procedures listed in the University's Harassment and Discrimination Policy.

4. In Abstentia
In the event that a student does not participate in a conduct proceeding, the conduct officer(s), in the exercise of their discretion, may adjudicate the matter in the absence of such student.

5. Conduct Record
The results of conduct processes are documented and this record may be used to establish a student's conduct history at the University.

6. Role of an Advisor
The role of an advisor is to provide support as a student represents themselves in the process. An advisor does not actively participate in any part of a Student Code of Conduct process. An advisor, may privately consult with and advise a student during the proceeding, but may not act as a representative of or spokesperson for a student; nor may an advisor provide any information on behalf of the student, examine a witness, or otherwise participate in a conduct proceeding. Neither a witness nor a potential witness is permitted to serve as an advisor. Advisors must make themselves available for all hearing processes as requested by the student and the individual schedules of advisors generally has no impact upon the scheduling of hearings or other Student Code of Conduct processes.

If an advisor is disruptive to the conduct process, they may be dismissed. Dismissal of an advisor does not constitute grounds to postpone, suspend, or reschedule any conduct process.

INITIAL REVIEW OF A COMPLAINT
Upon receipt of a complaint against a student, or a report of alleged misconduct, the Resolution Center may:

1. Refer the complaint for further investigation, and/or
2. Determine that no further action is warranted, or
3. Bring a formal charge under the Student Code of Conduct.

A formal charge is warranted when the Resolution Center determines that the circumstances alleged in the complaint are sufficient to create a reasonable belief that a violation has occurred and that conduct action is appropriate. The Resolution Center will notify the student who will be provided the opportunity to respond pursuant to one of the Student Conduct Resolution Processes. If information presented during a student conduct resolution process indicates a violation has occurred other than that charged, the conduct officer(s) may find the student responsible for that violation.

NOTE: In matters covered under the University’s Harassment and Discrimination Policy, the Resolution Center will consult with the Title IX Coordinator and the Review and Investigation procedures contained in that policy will supersede this section.

PROCEDURAL RIGHTS AND PROTECTIONS
During any conduct process, students will be provided the following:

1. Notice of the allegation(s) being made
2. Notice of the date of hearing or other process
3. The opportunity to be heard
4. The opportunity to have an advisor of their choice present during any stage of the conduct proceedings
5. Notice of the outcome as permitted by FERPA and any other applicable privacy laws
6. The opportunity to have the outcome reviewed through the appropriate appeals process

STUDENT CONDUCT RESOLUTION PROCESSES

1. Conduct Review
   This process presents an opportunity for the involved student(s) and a conduct officer to discuss and resolve complaints.
   With the exception of expulsion or suspension, any conduct outcomes may be assigned as the result of a Conduct Review.

2. Conduct Conference
   This process presents an opportunity for the involved student(s) to discuss and resolve complaints. Conduct Conferences are ordinarily conducted by one or two staff members from the Resolution Center and/or their designee(s).
   With the exception of expulsion, any conduct outcomes may be assigned as the result of a Conduct Conference.

3. University Conduct Board
   The UCB shall hear and decide cases as assigned to it by the Resolution Center and involving charges of the most serious nature including but not limited to allegations of sexual harassment or misconduct, discrimination or interpersonal violence.
   The conduct officers will hear and deliberate cases in panels of three with one conduct officer acting as chairperson of the panel. It shall be the duty of the chairperson to exercise control over the hearing in order to afford a fair and orderly hearing to all participants; to avoid needless consumption of time; and to prevent the harassment and/or intimidation of parties and witnesses.
   A hearing for the purpose of determining whether or not a policy has been violated by the respondent as alleged shall be conducted within forty-five days of the receipt of a complaint by the Resolution Center. The Resolution Center, or UCB chair may modify or extend any time frames described in this Code for good cause.

   NOTE: In matters covered under the University's Harassment and Discrimination Policy, the Title IX Coordinator may modify or extend any time frames described in this Code for good cause. Time frames for responding to reports of sexual misconduct or harassment contained in that policy will supersede this section and the Resolution Center will consult with the Title IX Coordinator regarding the timing for any investigation and/or hearing.

1. University Conduct Board Procedures
   A. A respondent participating in a UCB hearing is entitled to the following:
      1) Receive advance notice of date, time, and place of the hearing in person, University email, or U.S. Mail.
      2) Receive written notice of the complaint that specifies the nature of the violation and the basis for the charge including the date or period of time during which the misconduct is alleged to have occurred and the location where the misconduct is alleged to have occurred.
      3) The student shall also be notified of the names of the conduct officers and any student wishing to challenge the participation of any conduct officer must notify the Resolution Center in writing within three days of the notice stating the reason(s) for the objection. Failure to do so will constitute a waiver of any objection to the composition of the panel. The Resolution Center will forward the information to the Associate Provost for Student Development who will determine whether the challenge has merit and reserves discretion to make changes in the panel composition.
      4) Be given adequate time to prepare a case pursuant to the time frames articulated in this Code.
5) Be given an opportunity to review related documentation.

All students shall have reasonable opportunities to review any and all information which might be used during the hearing. This information shall include but not be limited to investigative reports, written or recorded statements, and all relevant documents and information to the extent allowed by laws governing privacy, including FERPA.

6) Have access to a trained University staff person to provide information in navigating the Student Code of Conduct system. Before any hearing takes place, each student shall have the opportunity to meet with a trained University staff person for the purpose of becoming informed about hearing processes and procedures.

7) Have an opportunity to present both written documentation and witnesses.

At least three days prior to a hearing, the students shall disclose to the Resolution Center the names and contact information of each person whom the disclosing student expects to call as a witness at the time of the hearing. At the same time, each student shall provide to the Resolution Center a list of all documents, statements, report and writings of any kind which the disclosing student intends to submit at the time of the hearing. The Resolution Center will provide all such information to the panel chair for review prior to distribution to all students and conduct officers. Information not disclosed in compliance with this paragraph will not be considered at any hearing. Witnesses, documents, statements, reports and writings submitted by disclosing students should be in addition to university investigative reports prepared and submitted by a qualified university official. All such information will also be provided to the conduct officers. The student wishing to present any witness is responsible for arranging for the attendance of such witness. The University will not compel the attendance of witnesses.

8) UCB proceedings are not open to the public.

All information is private and confidential, and all participants will receive instruction as to the preservation of the privacy of all concerned.

9) UCB meetings are audio recorded by the Resolution Center and no other electronic devices are allowed.

Audio recordings are maintained by the Resolution Center and are considered a part of the student’s conduct record. The Resolution Center will exercise reasonable care to minimize technical issues; however, technical issues that result in no recording or an inaudible recording are not considered procedural defects for the purposes of the Appeals process. There shall be no recording of deliberations.

10) The panel chair shall open any hearing by reading the statement of charges.

A representative from the Resolution Center will present information related to the case which may include, but not be limited to, documents, investigative reports, or witnesses.

11) The respondent may present a response to the charges.

The response, if any, may include the introduction of available and relevant documents, physical evidence or through the in-person testimony of witnesses.

In the event that a student does not attend a properly noticed and scheduled hearing, the panel chair, in the exercise of their discretion, may proceed with the hearing in the absence of such student.

12) Conduct officers may direct reasonable questions to witnesses if present.

All witnesses shall affirm the truthfulness of their testimony. All witnesses shall be excluded from the hearing room except during their own testimony.

13) Formal rules of evidence do not apply and the panel chair will determine what information is relevant to the hearing.
The responsibility for the resolution of all issues as to admissibility or relevance of evidence, the propriety of questions, and any other procedural matter shall rest solely with the panel chair in the exercise of their discretion.

14) Following the presentation of each students’ evidence the panel chair may allow each student to present additional evidence in response. 

   After the presentation of evidence is complete the panel chair may allow the student to present a closing summation of their case.

15) Upon the completion by all students’ of the presentation of their respective cases and information, the panel chair will declare the hearing "closed" and no further information will be received by the conduct officers.

16) Once the hearing is closed, the conduct officers will deliberate for the purpose of making a determination whether or not the student is responsible for the violation charged.

   The determination shall be made by majority vote of the conduct officers, and shall be supported by a written statement of the rationale for the decision.

   If no violation of any kind is determined, then the proceedings are at an end. If it is determined that a violation has occurred, then the conduct officers will continue its deliberations for the purpose of determining the appropriate conduct outcome, if any, to be levied.

17) The respondent will be notified in writing of the disposition of the case, as well as any sanctions imposed, after a decision has been determined.

B. A complainant participating in a UCB hearing related to alleged violations of Gender-based Harassment, Discrimination, and Sexual Misconduct, or alleged crimes of violence is entitled to the following:

   An identical right to be present at and to participate in all hearing processes as outlined in UCB Hearing Procedures.

   1) The conduct officers may allow the contesting parties to be screened from the vision of one another during the hearing, may make arrangements for attendance by video conference, or make other appropriate accommodations, all within their sound discretion.

   2) Opportunity to present any relevant information in the case against the accused student. This information may be presented by the introduction of any available and relevant documents, physical evidence or through the in-person testimony of witnesses. The panel chair, the respondent and the conduct officers may direct reasonable questions to witnesses presented by the complainant.

   3) The complainant and the respondent may not directly question one another unless granted permission to do so by the panel chair. If a request to allow direct questioning between the parties is made, the panel chair shall enter into the record a written finding in support of their decision. If a request to allow direct questioning is denied, the chair, at their discretion, may allow the parties to pose additional questions or inquire further into specific matters by submitting these questions/requests in writing to the chair. The chair may then, at their discretion, pose the submitted questions to the other party. If necessary, a brief break may be granted to allow both parties an opportunity to prepare and submit such questions/requests. The chair is empowered to disallow or reframe any questions that are irrelevant, redundant, or otherwise inadmissible.

   4) In matters alleging a violation of the University’s Harassment and Discrimination Policy no information, facts or evidence bearing upon the prior sexual conduct of a party shall be introduced into a hearing process absent permission to do so granted by the panel chair. Where a respondent and complainant have a prior intimate or sexual relationship this information may be relevant to determine responsibility, however the mere fact of a current or previous consensual intimate or sexual relationship between the respondent and complainant does not
itself imply consent or preclude a finding of responsibility for sexual misconduct. Any prior sexual conduct of the complainant unrelated to the respondent is not relevant and shall not be considered. The prior unrelated sexual misconduct of the respondent may be relevant to the issue of appropriateness of assigning conduct outcomes.

5) Complainants will also be notified in writing of the outcome of the case. Notification will be made in compliance with privacy laws, including but not limited to FERPA. Notification shall include information regarding how an appeal may be filed.

CONDUCT OUTCOMES

If it is determined that a student is responsible for a violation of a University standard of conduct, the nature of the violation, the circumstances surrounding the violation, the student's prior conduct history (if any), the impact of the misconduct on the community, and conduct outcomes assigned to previous findings for such violations, will be among the factors considered in determining an outcome.

The Resolution Center and/or its designee(s) are not limited to the assignment of conduct outcomes listed in the Student Code of Conduct and the University reserves the right to impose additional and/or different conduct outcomes.

1. Administrative
   A. Conduct Probation: A status for a specified period in which a student's conduct is under review. Violations of University expectations and policies while on Conduct Probation may result in suspension or expulsion.
      1) Fees or Fines: A monetary amount assessed to a student's account, not to exceed $1,000.00.
      2) Housing Probation: A status for a specified period in which a student's on-campus housing status is under review. Violations of University expectations and policies while on Housing Probation may result in residential restrictions or removal.
      4) Restitution: Financial payment to the University for amounts assessed or incurred as a result of a Student Code of Conduct violation. Restitution payments between individual students, groups, or other parties are not sanctioned, mandated or administered by the University.
      5) Warning: Written notice to a student that their behavior is incongruent with University standards of conduct. Future misconduct may result in an elevated University response.

2. Restrictions
   A. Loss of Privilege: Denial of specific privileges for a designated period of time or exclusion of a student from events or ceremonies.
   B. Contact restriction: Communication or contact limitations or prohibition with another member(s) of the University community.
   C. Residence-related restrictions within University Housing: Restriction, relocation, or removal of a student from University housing.
   D. Ban: Excluding a student from University premises or specific University facilities, events, or ceremonies.

3. Developmental
   A. Educational Program or Workshop: Assignment to an educational program or participation in a workshop
   B. Civic Service: Community service
   C. Educational Project: Research project, reflection prompt, reading, or other assigned learning experience
   D. Meetings: Scheduled meetings or other conversations
4. Status-based
   A. Expulsion: Permanent separation of a student from the University
   B. Revocation of Admission and/or Degree: Revocation of admission to or a degree awarded from the University.
   C. Suspension: Separation of a student from the University for a specified period, with associated conditions for readmission.
   D. Withholding Degree: Withholding a degree pending completion of student conduct proceedings, including the completion of all sanctions imposed, if any. The University reserves the right to withhold a degree permanently.

ALTERNATIVE RESOLUTION PROCESSES
Following receipt of a complaint or report, the Resolution Center may propose resolving allegations against a respondent through an Alternative Resolution Process. Examples of Alternative Resolution Processes include mediation, facilitated dialogue, conflict coaching, and restorative justice. Participation in an Alternative Resolution Process must be mutually agreed upon and voluntary for all parties and may or may not result in agreement or resolution.
If resolution is reached through an Alternative Resolution Process, the situation is considered resolved. Agreements are binding and not subject to appeal. Failure to abide by the agreement may result in disciplinary action.
If resolution is not achieved, allegations against the respondent will be resolved through one of the conduct processes listed in the Student Code of Conduct.
The nature of some conflicts, including those involving violence or sexual misconduct, are not appropriate or permitted through Alternative Resolution Processes. The use of Alternative Resolution Processes as an appropriate method of resolution is at the discretion of the Resolution Center, based on the facts and circumstances of the case.

APPEAL PROCEDURES
Either a Complainant or a Respondent may appeal a determination made by a conduct officer or UCB hearing panel. An appeal is filed by submitting it to the Resolution Center for Student Conduct and Conflict within five days of the date of issuance of a conduct officer(s) or UCB panel's written decision using the form located below. A properly filed and timely appeal will generally stay any sanction(s) levied unless doing so would be inconsistent with the institution's Title IX obligations and/or it is determined by the Resolution Center for Student Conduct and Conflict that this action would present an unreasonable danger to any person or property or be disruptive to the University's living/learning environment. The non-appealing party may respond in writing to the appeal within five days of the filing of the appeal with the Resolution Center for Student Conduct and Conflict.
A student filing an appeal will receive confirmation of the appeal request and the status of any sanctions issued. Following acknowledgement of the appeal, the student's conduct file will be forwarded to the appropriate reviewer.
Appeals of Conduct Reviews and Conduct Conferences are considered by the Assistant Vice President/Dean of Well-Being and Healthy Living or their designee. Appeals of Conduct Conferences resulting in suspension are considered by the Assistant Vice President/Dean of Well-Being and Healthy Living, or their designee, and a conduct officer who did not originally hear the matter being appealed.
Appeals of UCB Hearings are considered by the University Conduct Appeals Board (UCAB) consisting of three members of the UCB who did not originally hear the matter being appealed.
The Resolution Center for Student Conduct and Conflict and/or its designee shall have the opportunity to provide a written response to the appeal request. The response may include information the Resolution Center for Student Conduct and Conflict and/or its designee regards as relevant to the appeal, including information used in making its determination.
Appeal processes are "document only" procedures and no students or support persons are present when an appeal is being considered. The appeals officer or UCAB will consider information reviewed at the original conduct meeting or hearing, information submitted by the parties within the five-day appeal and response periods referenced above, and the findings of the conduct officer or UCB hearing panel. The UCAB panel will also consider the audio record of the UCB hearing.

1. Grounds for Appeal
   An appeal may be filed on one or both of the following grounds:
   A. Procedural Error: A procedural defect in published procedures and processes which more likely than not would have had a significant effect on the decision.
   B. New Information: The discovery of substantive new information that was unknown or unavailable to the student at the time of the conduct process that more likely than not would have had a significant effect on the decision.
      Disagreeing with the severity of a conduct process outcome is not considered grounds for an appeal. The appeal must show that the assigned outcome(s) was unreasonably outside of the parameters of potential conduct outcomes and therefore a procedural error.

2. Appeal Actions
   A. The appeals officer or UCAB may take the following actions:
   B. If the reviewer(s) determines that a procedural error occurred in the conduct process, the case may be remanded to the Resolution Center with specific instructions to correct the procedural error and/or reconsider the case.
   C. If the reviewer(s) determines that the request for Appeal includes new information, the case may be remanded to the Resolution Center for disposition.
   D. Uphold the original decision and outcome.

The appeals officer or UCAB determination shall be supported by a written statement of the rationale for the decision.

A notification of the decision regarding the appeal will be made to the party who filed the appeal and the non-appealing party in person or by phone, University e-mail, or mailing address. In cases of violence or sexual misconduct, the complainant will also be notified of the decision regarding the appeal. Notification will be made in conformance with privacy laws, including FERPA. The appeal decision shall be rendered within fifteen days of the filing of the written appeal. The decision of the appeals officer or UCAB is final and effective immediately upon issuance of the written decision on appeal.
Section 6: Fire Safety and Statistics

Fire Statistics and Safety Education

The Campus Fire Safety Right-to-Know Act of 2007 defines a fire as "Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner." The act requires colleges and universities with student housing to disclose certain statistics, policies and information. Included in the requirements is a daily fire log. This log contains the following information about each reported fire on campus: nature of the fire, date and time the fire occurred, and the general location of the fire. The log is available for viewing in the lobby of Huetter Mansion during business hours.

Fires are further categorized in this report by cause: Unintentional (cooking, smoking materials, open flames, electrical, heating equipment, hazardous products, machinery/industrial, natural and other); Intentional (arson); and Undetermined. The required statistics to be reported on an annual basis are: number of fires and cause of each fire; number of deaths related to a fire; number of injuries related to a fire that resulted in treatment at a medical facility; and the value of property damage related to the fire.

Occupants of student residential facilities are provided with education and awareness regarding fire safety and evacuation procedures. For occupants of on-campus residence halls this can occur during on-going residence hall programs and during the initial residential hall safety talks that take place on an annual basis at the beginning of the school year. There were no residential hall fire evacuation drills held during the calendar year 2018. Occupants of GU owned, leased, managed, or operated apartments and rental houses can request specific programming for that living unit in addition to the general fire safety material provided them. Residence hall staff members, both student and professional, are provided with fire safety training. Other University staff members that work in the residence halls are provided with awareness and training of fire safety issues.

Reporting Fires and Fire Safety Concerns

Fires should be reported to 911 and CSPS at the time they occur. Reports of fires after the fact should be called in to CSPS at 509-313-2222. In addition, reports of fires after the fact and fire safety concerns may also be made to the Student Development Contacts listed on page 16.

Fire Alarms, Evacuation, Fire Safety Devices, and Flammable Materials

When a fire alarm sounds in a building the occupants of that building must immediately evacuate. If a building’s fire alarm sounds call CSPS at 509-313-2222 after you evacuate. Entering or re-entering a building in which a fire alarm is sounding is prohibited unless authorized by a CSPS or Spokane Fire Department official. Failure to evacuate a building during a fire alarm, entering or re-entering a building during a fire alarm is a violation of the Uniform Fire Code. Tampering with, or the unauthorized use of fire safety equipment such as extinguishers, smoke and heat detectors, alarm pull stations, signage or emergency exits is prohibited. This includes activation of a false fire alarm and tampering with any equipment or fixtures used for the purpose of fire, health, or building safety.

Gas or charcoal barbecue grills are prohibited in and around residence halls, including decks and patios of University owned apartment buildings, with the exception of University provided barbeques at individual residence halls and apartment facilities. Electrical BBQs/grills are permitted so long as they do not generate an open flame. The use of equipment that produces, contains, or conducts a continuous open flame—such as candles, potpourri burners, incense, sterno cans, or other combustibles—is prohibited. Examples of flammable items or materials which are specifically prohibited from any University property include, but are not limited to: gasoline containers (full or empty); gas-operated camping equipment (e.g., Coleman stoves); engines or engine parts; propane tanks; and liquid oxygen containers. Other examples of commonly utilized flammable materials that are considered dangerous and therefore prohibited include: chemical compounds and components, open-coil burners; open-coil space heaters; and candles. In addition, natural Christmas trees are prohibited. Fire pits and campfires are prohibited in and on the property of all Gonzaga-owned, leased, managed, or operated residential facilities without pre-approval by the Residence Director. Halogen lamps are not allowed in Gonzaga University residence halls, apartments and properties. There is extreme hazard and fire danger associated with the high temperatures at which halogen lamps burn (750-1100 degrees
Fahrenheit). These high temperatures can ignite bedding, paper, posters, curtains, etc., when they come in contact with the bulb.

Smoking of any kind is prohibited inside residence hall facilities, including stairwells, balconies, and any grounds area closer than 25 feet from the structure. Evidence of smoking, including presence of residual odor, will be responded to as a violation of this policy. Fire safety systems are regularly serviced by both University personnel and an outside fire protection company. Improvements in the systems may be made by the University in the future as determined by need. Fire safety systems are upgraded and replaced as necessary. There are no current plans for future improvements for fire safety systems.

**Fire Alarm and Safety Devices Policy**

Tampering with, or the unauthorized use of, fire safety equipment including but not limited to extinguishers, smoke and heat detectors, alarm pull stations, fire sprinklers, signage or emergency exits is prohibited. This includes activation of a false fire alarm and tampering with any equipment or fixtures used for the purpose of fire, health, or building safety.

Failure to evacuate a building during a fire alarm, or entering or re-entering a building during a fire alarm is prohibited unless authorized by an official of the Spokane Fire Department, Campus Security & Public Safety, or other University Official.

Gonzaga University
Mission Statement

Gonzaga University is an exemplary learning community that educates students for lives of leadership and service for the common good. In keeping with its Catholic, Jesuit, and humanistic heritage and identity, Gonzaga models and expects excellence in academic and professional pursuits and intentionally develops the whole person -- intellectually, spiritually, physically, and emotionally.

Through engagement with knowledge, wisdom, and questions informed by classical and contemporary perspectives, Gonzaga cultivates in its students the capacities and dispositions for reflective and critical thought, lifelong learning, spiritual growth, ethical discernment, creativity, and innovation.

The Gonzaga experience fosters a mature commitment to dignity of the human person, social justice, diversity, intercultural competence, global engagement, solidarity with the poor and vulnerable, and care for the planet. Grateful to God, the Gonzaga community carries out this mission with responsible stewardship of our physical, financial, and human resources.
