

## Study Abroad Course Equivalency Sheet

Click this link: [SFS COSTA RICA](#) to apply and find additional program information.

The School for Field study program has a standard course offering. Student will take a total of 18 credits on most programs offered by School for Field Studies.

Check the [Program Details](#) for more specific information. For each SFS course listed, student will choose one Gonzaga course to earn for credit.

### NOTES

- To receive BIOL credit, students must have completed necessary course pre-requisites.
- Biology major participants should plan to participate during their junior year.
- B.S. candidates can earn 5 BIOL credits towards their major abroad.
- B.A. candidates can earn 3 BIOL credits towards their major.
- Biology minors can earn 1 BIOL credit towards their minor.
- All other BIOL credit earned will count towards a student's overall elective credit sum.

**For each SFS course listed, student received ONE Gonzaga course equivalent to earn for credit.**

Host Course	Host Course Name	GU Course	GU Course Name	Requires Approval
SFS 3770	Tropical Ecology and Sustainable Development	BIOL 474	Regional Ecology: Costa Rica	NO
SFS 3770	Tropical Ecology and Sustainable Development	ENVS 399	Special Topics: ENVS Elective	NO
SFS 3030	Economic and Ethical Issues and Sustainable Development	ENVS 358	Environmental Ethics	NO

SFS 2050	Language, Culture, and Society of Costa Rica	MDLA 190	Language Culture & Society	NO

\*The Directed Research project is determined after arrival on site. Therefore, the content of the project is not known until after completion of the course approval process. If a student intends to earn Biology credit for their Directed Research project, they must submit an abstract (including the hypothesis question and methods) to the Biology Department Chair for review upon return to Gonzaga. If Biology credit cannot be granted, students will receive ENVS 200 (4 credits).
