

SFS Australia Rainforest to Reef Course Equivalency Sheet

Click this link: [SFS AUSTRALIA](#) to apply and find additional program information.

Check the [Program Details](#) for more specific information.

SFS offers a set curriculum of courses, participants will take 16-18 credits.

NOTES

- To receive BIOL credit, students must have completed necessary course pre-requisites.
- Biology major participants should plan to participate during their junior year.
- B.S. candidates can earn 5 BIOL credits towards their major abroad.
- B.A. candidates can earn 3 BIOL credits towards their major.
- Biology minors can earn 1 BIOL credit towards their minor.
- All other BIOL credit earned will count towards a student's overall elective credit sum.

For each SFS course listed, student received ONE Gonzaga course equivalent to earn for credit. Participants should list on the Course Pre-Approval Form WHICH course they would like to receive credit for where applicable

| Host Course Number | Host Course Name | GU Course Number | GU Course Name | Requires Signature |
|--------------------|---|------------------|---------------------------------------|--------------------|
| SFS 3690 | Rainforest Ecology | BIOL 474 | Regional Ecology: Australia | NO |
| SFS 3700 | Principles of Forest Management | BIOL 475 | Principles of Forest Management | NO |
| SFS 4910 | Directed Research | BIOL 498* | Undergraduate Research | NO |
| SFS 4910 | Directed Research | ENVS 200 | Case Studies in Environmental Science | NO |
| SFS 3020 | Environmental Policy and Socioeconomic Values | ENVS 399 | Special Topics: ENVS Elective | NO |
| SFS 3700 | Principles of Forest Management | ENVS 330 + L | Principles of Wildlife Management | NO |
| SFS 3690 | Rainforest Ecology | ENVS 399 | Special Topics: ENVS Elective | NO |

*The Directed Research project is determined after arrival on site. Therefore, the content of the project is not known until after completion of the course approval process. If a student intends to earn Biology credit for their Directed Research project, they must submit an abstract (including the hypothesis question and methods) to the Biology Department Chair for review upon return to Gonzaga. If Biology credit cannot be granted, students will receive ENVS 200 (4 credits).
