How do I get involved?

In GU Choirs, **everyone** has a voice. If you want to sing —whether you are new or experienced— there is a guaranteed place for you here.

We do not have auditions but instead have a **choral placement**. A choral placement is an opportunity for you and the conductor to musically get to know each other. This process helps identify your voice part/range and the ensemble that best matches you.

You can sign up for a placement time at the picnic!
