Preparing for the GRE

The GRE (revised General Test) is a standardized assessment that can be taken in place of the GMAT exam for applicants to the MBA programs. The GRE is comprised of three sections: Verbal Reasoning, Quantitative Reasoning, and Analytical Writing.

At www.ets.org/gre you can locate a testing center and download free GRE test preparation materials.

Note: We recommend you purchase a study guide. Not all study guides come with online test banks. We highly recommend you buy a book with an online test bank and take at least three full length practice exams.
