GONZAGA UNIVERSITY | School of Education

Master in Initial Teaching - Elementary
Program Cost Estimate

Estimated Direct Expenses:	**Full-Time (over 1 years)**
Tuition (2020-21): 43 credits at $840 per credit*	$36,120 total
Books and Fees (estimated)	$1,650

*Tuition expense historically increases 4-6% annually

There are many ways students finance their graduate education at Gonzaga University.

Helpful tips to get started:

1. **Graduate tuition is billed differently than undergraduate tuition.** You are only expected to pay for the credits you are enrolled in each term (plus fees if applicable).

2. **Compare value.** As you narrow your search, compare the value of the programs you are considering. While cost is an important factor, it shouldn't be the sole factor. Ensure the program is a personal fit, provides the best professional outcome, quality and school reputation.

3. **Explore outside avenues.** Check outside agencies where you may be able to find financial support. Start locally, then expand outside your general area.

4. **File your FAFSA.** Submit your FAFSA to us as soon as possible, then our financial aid office can determine your eligibility.

Questions?

The Graduate Admissions office is here as a resource to you as you determine the best choice for your education. Please contact us at soegrad@gonzaga.edu or 1(866)380-5323 with any questions. We're here to help!
