*CLOSE-IN: "Drawn to the
Wall VII" Exhibition*

Every three years, five artists are invited to spend two weeks at the Jundt Art Museum to create a drawing on one side of an 8-by-11 foot museum wall. The unusual component of this project is that the drawings will be removed and painted over at the end of the exhibit and the walls returned to their normal use as gallery partitions. Artists selected for "Drawn to the Wall VII" were asked to find individual, workable solutions to large-scale drawings and to the constraints of working in a "common" environment

Class of 1969,

On behalf of Gonzaga University, welcome back to campus! We are delighted to have you here for this memorable 50th anniversary weekend!

While on campus, we hope you are able to reconnect with your classmates, walk down memory lane and rekindle fond memories of attending Gonzaga. Your classmates who served on the planning committee have organized this weekend just for you – socials, meals, campus tours and even a Sock Hop!

In a recent survey, alumni were asked, “What is the most important thing Gonzaga can do for you?” The overwhelming response was “keep me connected and informed.” We hope you leave this weekend feeling both of these.

You’ll notice a few changes on campus and hear about more to come, But amidst the new buildings, we’re confident you’ll feel that Gonzaga spirit you remember alive and well.

We are grateful for all you do for this special place.

To Be Continued...
