# Items to bring to campus for health and safety related to COVID-19:

### **Cloth Face Coverings**

- Multiple cloth face coverings are recommended (up to one for each day to allow for washing)
- See information on Use of Cloth Face Coverings by the Centers for Disease Control and Prevention (CDC)

# Personal Cleaning and Disinfecting Supplies for Your Space

- Up to three items that can be replaced when empty
- See information on Cleaning and Disinfecting by the CDC

#### Hand Sanitizer at Least 60% Alcohol Based

- · Use when soap and water are not accessible
- See information on Hand Washing and Hand Sanitizer by the CDC

### **Personal Digital Thermometer**

- · Use for daily temperature checks to selfmonitor for symptoms of COVID-19
- See information on How to Protect Yourself and Others by the CDC

## Easy to Clean/Disinfect Plastic Bin for Toiletries

- Use to tote toiletries to avoid placing individual items on sinks, counter spaces, and other high touch areas
- See information on Cleaning and Disinfecting by the CDC
