Housing and Residence Life FAQs

1. I submitted my deposit early but did not get my top choice. Why?

Priority in the selection process is based on when the date the Housing Application Terms and Conditions are accepted, not the date that admissions confirmation or housing deposits are submitted.

2. When do I move-in?

We suggest you regularly check two portions of our website to have the most up-to-date information to assist you in your planning: www.gonzaga.edu/movein and www.gonzaga.edu/importantdates.

Office of Sustainability

The Office of Sustainability works to implement six fundamental aspects of the CREATE model of sustainability:

1. **Care for creation**
2. **Reflection**
3. **Experience**
4. **Action**
5. **Teaching**
6. **Engagement**

Our efforts as a whole are aimed at equipping the University and every Zag on campus with the tools needed to be the best stewards of our environment that we can be. By stimulating group conversations and individual thought, we encourage everyone we interact with to reflect on their role in this work. Bringing together students, faculty, staff and community members allows for the sharing of experience, to build mutual respect and deepen our understanding of our role in caring for the world around us. The office has taken concrete

action to provide programming for campus in three areas: **sustainability leadership, waste reduction and commute trip reduction (CTR)**. There are three leadership programs tailored for students, employees and community members respectively, working with each year's cohort to educate and inspire sustainability-minded leaders. The waste reduction efforts continue to help educate our campus and manage what we use and where it goes when we're done with it. The CTR efforts have helped improve Gonzaga's existing program, working to get lonely drivers out of their cars and in good walking shoes, on solid commuter bikes or STA buses and car/vanpools; just a small part of the University's broader emission reduction efforts. Ideally, these all bring people together in such a way that everyone has an opportunity to teach and to learn. And our Student Sustainability Engagement Coordinators plan events on and off campus to bring together students, faculty, staff and community members in spaces that help discover the gifts each of us has to offer. Whether you are looking to get involved with sustainability or have already gotten your hands dirty and want to do more, come visit us! Just look for the solar panels and sunny yellow door.

Resolution Center for Student Conduct and Conflict

The Zag Way: A Commitment to Community

Because Gonzaga is committed to the growth and formation of the whole person, the ties that bind members of our community go beyond the basic standards of society. As we seek to create an environment conducive to living and learning together, our standards of conduct reflect a deep commitment to these ideals where each member of the Gonzaga community plays an active role.

We want our students to be the leaders of tomorrow, and the Resolution Center for Student Conduct and Conflict is committed to cultivating character through transformative engagement that empowers students to be a positive influence in the world. Our staff encourages students to respond with honesty and integrity, as well as learn how to accept responsibility for their actions. Guided by our Jesuit identity and contemporary student conduct and conflict resolution practices, we balance the needs of each student with those of the larger Gonzaga community.

The Zag Way is a commitment to the community where learning the code is important, but living the code is what we are all about. We are committed to respecting the dignity of all members of our community. When relationships and our community experiences an incident that causes harm, we want students to help co-create the solution. By telling their story and expressing their needs, we can work together to identify how to make things right.

The Resolution Center provides information about the policies and expectations within the Student Code of Conduct and programs, processes and services grounded in restorative practices.

For more information, please visit
www.gonzaga.edu/resolutioncenter

To Do:

- **Learn the Code, Live the Code:**
The Student Code of Conduct contains the University's standards of conduct and the accountability processes that address allegations of misconduct. Campus Security & Public Safety

The Campus Security & Public Safety (CSPS) Department is a service-oriented organization that promotes safety, security, education and personal responsibility.

Patrol

Campus Security and Public Safety (CSPS) officers provide proactive patrol of the campus and University areas designed to detect and deter crime and facilitate a safe environment for the members of our community. Patrols in and around the residence halls are a priority. Officers respond to a variety of incidents on campus including fire alarms, medical calls and reports of criminal activity. CSPS officers work in conjunction with Residence Hall staff, University administration, and local police to seek compliance with and enforcement of Gonzaga policies, state laws and local ordinances.

Security Dispatch

A CSPS Communications Center is staffed by security dispatchers 24/7 and 365 days a year. Community members are encouraged to call security at (509) 313-2222 to request assistance or report suspicious persons or circumstances. There are also phones indicated by blue lights around campus that can be used in emergencies. Calls from these phones are answered by the CSPS Communications Center staff.

Neighborhood

The risk of crime increases away from campus. Students should take particular note that nearly all of the assaults reported to Security each year take place off-campus between 11 p.m. and 3 a.m. on the weekends. Students are encouraged to avoid walking alone through the neighborhood during late night hours and to utilize security escorts.

Stay Informed

Preventing crime is a team effort involving all Gonzaga community members. Our goal is to share accurate information in a timely manner with our community regarding crime, crime prevention and campus security and safety issues. In doing so, our hope is that this education will help each of us to make good decisions regarding our own personal safety and the safety of others.

- Instagram [@gonzagaCSPS](#)
- Twitter [@GonzagaCSPS](#)

Security Escorts

CSPS officers can provide a security escort and courtesy rides to any area on campus, as well as a portion of the immediate neighborhood adjacent to GU.

To Do:

- First-year students are encouraged not to bring cars to campus. Those who choose to bring a car must purchase a parking permit. Student parking permits will cost approximately \$100 + tax per year (actual cost TBD this summer) and can be purchased online starting August 1 at [www.gonzaga.edu/permits](#).

There are many transportation alternatives available to students:

- Students may ride any **Spokane Transit Authority** bus at no charge, with their ZAGCARD.
- Gonzaga offers any GU student, 18 and older, carsharing through our **Zipcar** program, which offers hourly or daily rates.
- The City of Spokane provides **Lime Bikes and Scooters** to offer a travel alternative around the GU neighborhood and campus.
- Every GU facility is within a 10-minute walk. Any student who desires a ride on campus for safety reasons may call **Campus Security and Public Safety** at 509-313-2222 for a pick up.
- Students are also able to use *Health-Ride*, a service provided through Health and Counseling Services or Campus Security and Public Safety (dependent upon the day/work hours), to access medical services and doctors' appointments.

- Register your bike and use a U lock to deter theft

Registering your bike with CSPS allows our team to help recover your bike if it is stolen. Fill out the registration form online at website. We strongly recommend a high quality U-type lock and strongly discourage cable and chain locks. Some residence halls have bike storage – contact Housing and Residence Life for more information ([housing@gonzaga.edu](#) or 509-313-4103).

- Sign up for ZagAlert

ZagAlert is Gonzaga's emergency communication system to notify students, faculty and staff of an emergency involving an immediate threat to health, safety or life, or a campus closure situation. Log in to ZagWeb to enroll in ZagAlert, and then update your contact information on a regular basis. You may also add contact numbers for family members.

Office of Health Promotion

The Office of Health Promotion (OHP) helps cultivate a campus environment that fosters health and well-being. Our professional staff and student interns work with a variety of campus partners to lead initiatives, create programs, and identify services and spaces that promote positive, holistic well-being and reduce high-risk behaviors.

Students should expect myriad opportunities to learn, grow and deepen in their practice of well-being strategies that will help them be successful in college, and, for the rest of their lives. Some of the topics frequently discussed include alcohol and other drug use, mental and emotional well-being, healthy relationships and stress reduction.

OUR House, the campus Collegiate Recovery Community

The mission of this program is to foster a common, collective sense of purpose for students in recovery from substance use disorders or those exploring sobriety. OUR House provides a 24/7 location on campus that is a safe, recovery-positive environment where students can get support from other students who have been through similar experiences. Weekly meetings are re-established each semester. Students should reach out to OHP for more information and/or to get access to OUR House on campus. www.gonzaga.edu/security

To Do:

- **Complete the Zag Into Action online course from OHP BEGINNING AUGUST 3TH**
Topics include transitioning to GU, healthy relationships, sexual assault prevention, substance use, and more.

Transfer, Veteran & Returning Adult Services Office (TVRAS)

We understand that transfer, veteran & returning adult students face unique challenges when returning to college, and that's why it's our mission to support your successful transition to Gonzaga University. The Transfer, Veteran & Returning Adult Student Services office serves as your central point of information and provides you with the opportunity and resources to address any questions or concerns you may have about being a transfer, veteran, or returning adult student at Gonzaga. Our student lounge is a great place to find resources, connect with other students, or just to relax. Throughout the year, our office provides educational programs, social events, service events, student luncheons, and opportunities to connect with other transfer, veteran, and returning adult students.

Monthly TVRAS Lunches:

This is your chance to meet new people and learn about helpful campus resources.

Veteran and Transfer Ambassadors:

The TVRAS office is proud to host our veteran and transfer ambassadors. These ambassadors are fellow students who can be a guide and a friend as you transition to life at Gonzaga. You will be matched with an ambassador once you are admitted to GU.

To Do:

- **Connect with your registration advisor**
The Office of Admission will send an email to your Zagmail and personal email accounts regarding contact with your registration advisor. Please wait to purchase textbooks until your schedule is finalized.
- **Transfer Students: Register for Orientation**
Transfer, Veteran & Returning Adult Student Services will email you with a link to register for Transfer Orientation or the New Student Orientation. Please select which program you would like to participate in.
- **Submit final transcripts and AP/IB credit scores before arrival on campus BY AUGUST 24**
All incoming transfer students must submit a final, official transcript from the institution previously attended. An official transcript is one that is submitted by the issuing institution. Your final transcript must arrive before you arrive on campus in order to ensure your fall enrollment at Gonzaga.
- **Transfer Student Success course**
After you have confirmed your attendance to #BeAZag, you will have access to a Transfer Student Success course in Blackboard which is the online learning management system you will use for all of your classes. The Transfer Student Success course is intended to help you get acquainted with the Gonzaga community and resources. The course can be found in your Blackboard home page, under My Courses on the right hand side.

ATTENTION NEW STUDENTS:

Don't forget to bring your PERSONAL ARTIFACT to NEW STUDENT ORIENTATION!

Community is very important to Gonzaga. In fact, you'll probably hear this word several times a day when you come to campus in August for New Student Orientation. As a way to kick us off, your Orientation Leader will facilitate several community building activities with you and your assigned small group. One of these activities is called My Personal Artifact.

We're asking you to think of an item that is special to you and that has significance to who you are today. This item probably involves a personal story and may bring up happy or sad memories. Perhaps it's a photo of a loved one, a childhood toy, or a trophy you won. It can be whatever you want as long as it's significant to you and says something about who you are. As you pack for college this fall, be sure to bring this special item as you will need it for New Student Orientation. With a group of your fellow peers, we will ask you to share the following:

- What the item is
- How or when you received it, made it, bought it, etc.
- Why the item is special to you, and
- How the item represents you

We look forward to welcoming you into the Zag community and learning a little more about you through your personal artifact!

New Student Orientation

Orientation is filled with tons of Zag traditions, academic preparation, and is a great way to get you started at Gonzaga! Remember that you will be participating in specific programming, so we encourage you to take advantage of the times we have built in for breaks, rest and connecting with your family.

Please check www.gonzaga.edu/HowtoZag for updates regarding New Student Orientation.

Some of the things you will experience in New Student Orientation:

MOVE IN DAY!

You will have all day to move in to your residence hall.

Your first small group meeting doesn't start until the afternoon, followed by Opening Ceremony. Your Small Group Leader will GUide you through the afternoon.

You will have dinner with your family, and then participate in evening events, including your first hall meeting and Playfair.

FIRST FULL DAY OF NEW STUDENT ORIENTATION

Get excited to spend a day with your Small Group learning about the University Mission, academic excellence and career pathways.

You and your family will get a chance to enjoy lunch together as you talk about everything you learned throughout the day.

Our biggest tradition, Welcome Night, is a must for all new Zags!

TRANSITION INTO THE ACADEMIC YEAR

Start the day with your family at Welcome Mass, which is open to all faiths. Enjoy a wonderful reception hosted by President Thayne McCulloh, D.Phil.

Say good-bye to your family at 3 p.m. as you head into small-group activities for the rest of the evening.

GET SET FOR CLASSES

You will learn about the academic tradition at Gonzaga University, meet with your faculty advisor, and learn about your academic College or School.

Ignite Your Spirit

The New Student Orientation theme, "Ignite Your Spirit," was intentionally designed to help you become a part of Gonzaga's community. To "Ignite" is to give life or energy to something. "Your" represents the paradox that is the Gonzaga community; being a part of "our" Gonzaga while developing "your" own identity. And "Spirit" is exhibited through passion in academics, relationships, ministry, service and tradition.

Reflection Question

In healthy relationships, people hold each other accountable. How will you take ownership for your decisions and help other community members be responsible for their decisions?

University Core

A Welcome Message from the University Core Director

I am Molly Kretchmar-Hendricks, the director of the University Core Curriculum, and I welcome you to Gonzaga University!

The University Core, re-envisioned in 2016, animates our Catholic, Jesuit and humanistic heritage and mission. As a four-year, cohesive program completed by all Gonzaga students, the core grounds, extends and enriches each student's major area of study.

The core is anchored by this question: As students of a Catholic, Jesuit and Humanistic University, how do we educate ourselves to become women and men for a more just and humane global community? This question is progressively addressed by yearly themes and questions that create cohesiveness in students'

core experience. Our re-envisioned core is enhanced by the additions of a First-year Seminar, designed to help students make the transition to university intellectual life, and the Core Integration Seminar, designed to help students pull together the threads of their core experience alongside their major.

More information about the University Core Curriculum can be found on your my.gonzaga website.

Join us in "Imagining the Possible."

UNIVERSITY CORE

As students of a Catholic, Jesuit and Humanistic University, how do we educate ourselves to become women and men for a more just and humane global community?

Mission and Ministry

The Mission and Ministry team supports the Gonzaga community in fulfilling our Jesuit, Catholic, humanistic mission. We believe that mission can never be separated from ministry. Therefore, our team is missioned to serve the Gonzaga community by providing support, animation and leadership in three main categories:

- Women's and Men's Retreats
- Light Nights – Catholic Community Night

Center for Community Engagement

The CCE provides experiences that allow students to hone their intellectual, physical, spiritual and emotional gifts in service for the common good. Through these experiences, students will grow in their understanding of complex societal issues, will have the desire and ability to challenge oppression in their own communities, and will seek solidarity with those impacted by injustice. Whether you're forming a relationship with someone who has a developmental disability, serving on an alternative spring break, or mentoring Spokane youth, we promise an enriching, transformational experience that will last a lifetime.

Serve Your Community

More than 3,000 students volunteer through CCE every year for more than 80,000 hours of service. Here are some of the programs we offer. For more information, visit www.gonzaga.edu/cce.

Diversity, Inclusion, Community & Equity (DICE)

Unity Multicultural Education Center (UMEC) and Lincoln LGBTQ+ Resource Center

DICE supports students from diverse backgrounds and strives to create a community where human difference is affirmed and integrated into the intellectual, personal and professional development of all students. Our purpose is twofold: (1) to provide an affirming space and support system for historically underrepresented and traditionally marginalized students, and (2) to outreach and educate all students in their social identity development, cultural fluency, and connection to social justice.

DICE centers its work around three pillars: mentoring, programming and intercultural development. Students who participate in **BRIDGE** or **Act Six** are assigned a faculty, staff or peer mentor who help them navigate college. Both UMEC and the Lincoln LGBTQ+ Resource Center host a **Social Justice Series**, including speakers, films, art and activism workshops, as well as lunch and learn roundtable events on LGBTQ+ topics. Annual signature programs include **Diversity Monologues**, where student performers share personal spoken word pieces, and Lavender Grad, which celebrates graduating LGBTQ+ students and their allies. Intercultural development opportunities include Sexuality and Gender Equity (SAGE) Certification (three levels of LGBTQ+ ally training) and Social Justice Peer Education (SJPE). Get to know the SJPE who is assigned to your residential block to provide ongoing support to students living on campus.

In collaboration with the Center for Student Involvement and Gonzaga Student Body Association, DICE also works closely with the Unity Alliance of Cultural Clubs (UACC):

Reflection Questions

Think back to an experience you have had participating in service. Who were you serving? What feelings emerged during and after your service experience? How do you plan to serve others at Gonzaga?

Think about your values and interests. What types of careers do you know of that align with those? Career & Professional Development can help you work through that process if you need assistance articulating those.
