TERMINOLOGY

- **SYNCHRONOUS** – Students and the instructor may not be physically in the same space, but students must attend regularly scheduled live Zoom sessions in order to receive instruction.
- **ASYNCHRONOUS** – Students will not be physically present with the instructor. They can interact with one another asynchronously through discussion forums, recorded video, chat, etc.

TERMINOLOGY

- **Face-to-Face/In-Person Instruction:** Traditional classes where your attendance option is in-person, in a physical classroom or space, without the option of attending remotely. These courses will be noted with specific class meeting times and without mention of either “Remote Hybrid” or “Remote Only.”
- **Remote Hybrid:** You will have the option of attending the class in-person as well as/or remotely and synchronously during the regularly scheduled times. You may have to attend some classes in-person on some days and remotely (via Zoom) on other days. There is no expectation that you must attend any classes in-person if attending remotely only is preferred; attendance via Zoom-only is an option.
- **Remote Only (REMONL synchronous remote):** Instruction will be delivered using Zoom. Most (or even all) class meetings are synchronous with you and faculty meeting remotely at established times. There is no option to attend ‘remote only’ classes in-person in a physical setting.
- **TBA:** The course delivery modality has not yet been determined. ZagWeb will be updated as soon as the determination has been made.
