Gonzaga University Intramural Department
Men’s, Women’s and Coed Pickle Ball Rules

Every player must present a GU ID card before each contest to be eligible to participate. No exceptions.

Game time is forfeit time. No “5-minute grace period” has to be given or guaranteed.

The rules mentioned below are USAPA Official Tournament Rules. Intramural policies, procedures, eligibility requirements and specific rule modifications will take precedent. The officials have the power to make decisions on any matters or questions not specifically covered in the rules.

Players may only play on ONE gender and ONE coed team.

All equipment will be provided by the Intramural Department. Players may use their own paddles as long as they are approved by Intramural Staff prior to the contest.

The Game
1. Pickle Ball is a simple paddle game played using a special perforated, slow-moving ball over a tennis-type net on a badminton-sized court.
2. The ball is served underhand without bouncing it off the court and is served diagonally to the opponent’s service court (as with tennis).
3. Points are scored by the serving side only and occur when the opponent faults (fails to return ball, hits ball out of bounds, etc.). The server continues to serve, alternating service courts, until server faults.
4. Unique Pickle Ball Features:
   a) Double Bounce Rule: Following serve, each side must make at least one groundstroke, prior to volleying the ball (hitting it before it has bounced).
   b) Non-Volley Zone: A player cannot volley a ball while standing within the non-volley zone.

Service Rules
1. Serve Motion – The serve must be made with an underhand stroke so that contact with the ball is made below waist level (as with badminton). The arm must be moving in an upward arc and the paddle head shall be below the wrist when it strikes the ball.
2. Server Position - The server must keep both feet behind the baseline during the serve with at least one foot on the court surface or ground at the time the ball is struck. The serve must be made while the server’s feet are within the confines of the serving area. These confines lie behind the serving court baseline and on or between the imaginary lines extended from the court centerline and each sideline.
3. The Serve – The ball must be struck before it hits the court surface. The ball must land in the opponent’s crosscourt (diagonally opposite court) service court. (The serve must clear the net and the non-volley line and land in the opponent’s service court. The serve may land on any service court line except the non-volley line.)
4. Service Faults – During the service, it is a fault if:
   a) The server misses the ball when trying to hit it. If the ball lands on the ground without the server swinging at the ball, it is not a fault.
   b) The served ball touches any permanent object before it hits the ground (ex. Ceiling, blue carpeted wall around the track, lights, net).
   c) The ball touches the server or partner of the server.
   d) The ball lands on the non-volley line.
   e) The served ball lands outside the service court.
5. Service Lets – The serve is a let and will be replayed if:
   a) The serve touches the net, strap, or band, and is otherwise good and lands in the service court.
   b) The ball is served when the receiver is not ready.
   c) Any player calls a timeout because an object has come onto the court.
5.1 There is no limit to the number of lets a server may have.
6. The Receiver – The receiver is the player diagonally opposite from the server. In doubles, this position corresponds to the player’s score and starting position. There is no restriction on the receiver’s position.
7. Double Bounce Rule – The serve and the service return must be allowed to bounce before striking the ball. That is, each side must play a groundstroke on the first shot following the serve. After the initial ground
strokes have been made, play may include volleys.

8. Readiness – Serves shall not be made until the receiver is ready and the score has been called. The score shall be called after both the server and the receiver have returned to their respective positions.
   a) Not Ready – The receiver must signal “not ready” by saying loudly “not ready”, raising a hand over the head or turning their back on the opponent.

9. The 10-Second Rule – The “10-second rule” applies to both the server and receiver, each of whom is allowed up to 10 seconds after the score is called to serve or be ready to receive. It is the server’s responsibility to look and be certain that the receiver is ready to receive serve.

Service Sequence Rules

Singles
1. At the start of each game, the server begins the serve on the right side and alternates from right to left, etc., as long as the server holds serve.
2. The server must serve to the crosscourt (court diagonally opposite) service court.
3. The server’s score will always be even (0, 2, 4, 6, 8...) when serving from the right side and odd (1, 3, 5, 7...) when serving from the left side (only in singles play).

Doubles
1. The service always starts in the right-hand court and alternates from right to left to right, etc., as long as the server holds serve.
2. The server must serve to the crosscourt (court diagonally opposite) service court. There is no restriction on the position of the server’s partner.
3. The team’s points will be even when the starting server is on the right-hand side. Points will be odd when the starting server is on the left-hand side.
4. The team serving the initial serve of the game can commit only one fault before service is passed on to the opposing team. After that, each team member serves until that player loses the serve when the team commits a fault. After both players have lost their serves, the serve passes to the opposing team.
5. The server will alternate between right and left service courts upon scoring a point. After the first server’s team faults, the second server will continue to serve from that server’s last side position and then alternate positions as long as the serving team continues to win points.
6. If the ball is served by the wrong team member or from the wrong court, the service is a fault. If the fault was by the first server, then the first service is lost and the correct second server serves from the correct service position. If the fault was by the second server, then it is a side out. A point made from an incorrect service position or an incorrect server will not be retained unless play has continued and another point has been scored or the opposing team has served.

Service/Side Selection and Rotation
1. A coin flip or rock-paper-scissors will determine first choice of service or side.
2. Sides and initial service will be switched upon completion of each game.

Non-Volley Zone Rules
1. The non-volley zone is the area of the court bounded by the two sidelines, the non-volley line, and the net. (The non-volley line and the sidelines are included in the non-volley zone.)
2. A fault will be declared if, in the act of volleying the ball, a player or anything the player is wearing touches the non-volley zone or touches any non-volley line. For example, a fault will be declared if, in the act of volleying the ball, one of the player’s feet touches a non-volley line.
3. A fault will be declared if, in the act of volleying the ball, the player’s momentum causes the player or anything the player is wearing to touch the non-volley zone or touch any non-volley line. It is a fault even if the ball is declared dead before the player touches the non-volley zone.
4. A fault will be declared if the player violates the intent of the non-volley zone rule. All volleys must be initiated outside of the non-volley zone. A maneuver such as standing within the non-volley zone, jumping up to hit a volley, and then landing outside the non-volley zone is prohibited. If a player is inside the non-volley zone for any reason, that player cannot volley the return until both feet are on the court surface outside the non-volley zone.
5. A player may step on the non-volley line or enter the non-volley zone at any time except when that player is volleying the ball. There is no violation if your partner returns the ball while you are standing in the non-volley zone. A player may enter the non-volley zone before or after returning any ball that bounces.
6. A player may stay inside the non-volley zone to return balls that bounce. That is, there is no violation if a player does not exit the non-volley zone after hitting a ball that bounces.
Scoring – Game – Match Rules
1. Scoring – Only the serving team can score points.
2. Points are scored by legally serving a ball that is not touched by the opponent (an ace) or by winning the rally (faulting by the opponent).
3. Game – The first side scoring 11 points and leading by at least a 2-point margin wins. If both sides are tied at 10 points, then play continues until one side wins by 2 points. The score will be capped at 15 points.
4. Best 2 of 3 games wins. You can play the third game for fun if time permits. We encourage all 3 games to be played if time permits as this would be reflected when the tournament seedings are posted in either the PA or PF categories of the standings.

Other Important Rules
1. Carry and Double Hits – Balls hit during one continuous single-direction stroke are legal, even though they may be unintentionally hit twice or carried. Only when there is a definite second push by the player does the shot become illegal.
2. Switching Hands – A paddle may be switched from hand to hand at any time. Two-handed shots are also legal.

Player Restrictions
No player shall:
   a) Punch, strike, trip or kick an opponent.
   b) Contact an opponent with his/her paddle.
   c) Throw the paddle at an opponent.
   d) Disrupt the game in any matter.
Blood Rule
Any player who is bleeding must be substituted for until the bleeding stops. An intramural staff member or game official has the authority to remove the player. If by removing the player who is bleeding, the team falls below the minimum number necessary to play, the following will apply: The game clock will stop and a maximum of five (5) minutes will be allowed for the player to stop the bleeding. Either an intramural staff member or game official must approve the player to reenter. If the bleeding is not stopped within the allotted five (5) minutes the team will forfeit the game. THE TIME ALLOWANCE IS ONLY FOR PLAYERS WHO ARE BLEEDING, AND THE TEAM CANNOT CONTINUE TO PLAY WITHOUT THEM.

Forfeits
A team forfeits when the entire team is a no-show or the team does not have the correct number of players to start the game on time. When a team forfeits for any reason, that team will receive no higher than a (2) two. The game will not be re-scheduled. The winning team will receive a (3) three for sportsmanship. **Teams who forfeit two (2) regular season games for any reason will not be eligible for the tournament.** For further explanation, see the forfeit policy. Forfeiture of game is not a penalty, but an edict by the Referee.

Defaults
A team defaults when contacting the Intramural Office at x4251 or the Intramural Staff (Shelly Radtke at x3977 or radtke@athletics.gonzaga.edu or Andy Main at x4252 or main@athletics.gonzaga.edu) at least 24 hours in advance of their next game to give plenty of time to notify the opposing team they will be receiving the win. The game will not be re-scheduled. When a team defaults, both teams will receive a (3) three for sportsmanship. One default is given per team, per regular season play; two or more defaults will count as a forfeit(s).

Player/Team Conduct
The officiating will be done by an official who is in absolute control of the game. Teams are responsible for keeping their spectators under control. Misconduct of spectators, players or coaches can result in ejection or forfeiture of the game. Spectators must also remain in the designated area. The officials shall have the power to make decisions on any matters or questions not specifically covered in the rules. Only a protest of player eligibility or rules interpretation will be accepted. Official's judgment is not protestable.

Individual and team sportsmanship is of the utmost importance to the Intramural program and all of its participants. Certain behaviors will not be tolerated before, during, or after intramural activities (examples, but not limited too):

a) Actions meant to cause harm to any person.
b) Verbally abusive or threatening language towards players, spectators, or officials.
c) Lack of control by individuals or the team.

The following includes behavioral expectations of all participants, “coaches”, captains, spectators, fans, and guests. Further information regarding the topics below can be found in the Student Handbook.

Intramural Alcohol and Drug Policy:
The Intramural Department reserves the right to confiscate, retain and dispose of/destroy any and all alcohol related paraphernalia regardless of value or ownership. Excessive drinking/intoxication at any Intramural event/location are not acceptable and will not be taken as an excuse for inappropriate behavior. At any time, the Intramural Department may remove any individual from an event/location that has alcohol, is intoxicated, smells of alcohol, may possibly harm themselves or others, or any individual that is displaying inappropriate behavior (this includes but is not limited to: disruptive and/or out of control behavior). Security will be contacted in events pertaining to any of the above.

The illegal use of drugs at Gonzaga University is not tolerated. The unlawful manufacturing, possessing, having under control, selling, transmitting, using, or being party thereto of any dangerous drug, controlled substance, or drug paraphernalia on University premises or at University sponsored activities, including Intramural events/locations, is prohibited. Any individual involved or suspected of being involved of any of the following will be removed and security will be contacted.
**Bystander Conduct:**
 Students are expected to refrain from being in the presence of others who are violating University/Intramural policies and rules. Students will be held accountable for their actions even if they are not participating in prohibited conduct. This includes but is not limited to: students who are in the presence of others using alcohol or drugs in violation of University/Intramural policy, even if they are not using alcohol or drugs themselves.

**Intramural Harassment and Bias Policy:**
Gonzaga recognizes the inherent dignity of all individuals and promotes respect for all people in its activities and programs and in the relationships it shares with students, faculty and staff. The University expects all community members to promote dignity and respect in their daily interactions with each other. The Intramural Department reserves the right to remove any individual in question of violating the harassment and bias policy before, during, or after any intramural sport/event.

Consistent with its Statement on Non-Discrimination and its Mission Statement and values, the University is committed to providing a positive learning and working environment and therefore will not tolerate any form of harassment or bias based on race, sex, gender, religion, national origin, ethnicity, age, sexual orientation, disability or any other harassment or bias prohibited by federal or state laws. This includes, but is not limited to, slurs, comments, rumors, jokes, innuendoes, unwelcome compliments or touching, pranks, and other verbal or physical conduct.

Any individual involved or suspected of being involved in any of the previously mentioned will be removed from the premises, Campus Security will be contacted and Student Life will be made aware of the incident.
