Preparing for the GMAT

The GMAT is a standardized assessment required for applicants to the MBA & MAcc programs. The GMAT is comprised of four sections: the Analytical Writing Assessment, Integrated Reasoning, Quantitative, and Verbal.

At www.mba.com you can locate a testing center and download free GMAT Power Prep software with study questions and practice exams.

Note: We recommend you purchase a study guide. Not all study guides come with online test banks. We highly recommend you buy a book with an online test bank and take at least three full length practice exams.
