Thank you

As an alumnus, I make it a priority to give back to GU. I would not be where I am today without Gonzaga’s financial aid program.

Because of You,
ZAGS WILL

Endowment gifts are lasting, far sighted funds that will permanently support the ways in which Gonzaga will unfold the potential that exists in every student.
WHAT ARE THE ENDOWMENT INVESTMENT RETURNS?
The Gonzaga pooled endowment annualized investment returns (net of fees) for the one, five and ten-year periods (measured as of June 30, 2018) are included in the accompanying graph.

WHAT IS THE SIZE OF THE GONZAGA ENDOWMENT?
The accompanying graph illustrates the change in the aggregate endowment value (inclusive of gifts, pledges and planned giving) over the past 13 years, representing a 250% increase.

HOW IS THE ENDOWMENT INVESTED?
The investment of endowed funds is diversified among asset classes that may perform differently in various market conditions.

WHAT IS THE ANNUAL ENDOWMENT SPENDING CALCULATED?
Each year the University spends approximately 4.5% of the fair market value of the pooled endowment measured on a trailing twelve quarter basis. Such annual spending is in fulfillment of the donor’s gift intent.

WHAT IF AN ENDOWMENT LOSES VALUE?
If an individual endowment should suffer an investment loss that exceeds the historical gift amounts, the University funds the spending from unrestricted sources, thus ensuring the donor’s gift intent is fulfilled each year regardless of investment market conditions.

GONZAGA'S ANNUAL OPERATING BUDGET IS SUPPORTED BY ANNUAL ENDOWMENT SPENDING. 2.7% WHO MANAGES THE INVESTMENTS?

The oversight of the endowment is delegated to the Investment Committee of the Board of Trustees and supported by University Finance staff and an investment consulting firm specializing in institutionally-managed funds. Endowment gifts are pooled and invested on a portfolio basis. Gonzaga University's goal for endowment assets is to provide a long-term annualized return equal to, or in excess of, annual spending plus inflation. The "spending power" of an endowment gift could diminish over time. Therefore, endowment gifts and any accumulated unspent earnings are invested in a manner intended to produce long-term growth while assuming a reasonable level of investment risk.
