**WOLFF FELLOWS PROGRAM**

The Wolff Fellowship program is sponsored by Gonzaga University’s Center for Community Engagement thanks to the generosity of Fritz and Jeannie Wolff. Wolff Fellows co-design projects with local community-based organizations that build community capacity and strengthen partnerships between Gonzaga and the host agency. Projects are designed around Gonzaga’s six Arrupe Engagement Pathways. Through their unique projects, Wolff Fellows explore the connection between their disciplinary/career interests and public service, learn about community needs and assets, and partner with community organizations to build community capacity.
