Gonzaga Off-Campus Theme House Application 2017-2018

Applications due October 5th at 4:30pm
Theme House Information (2017-2018)

What is a Theme House?
The Off-Campus Theme House program is an intentional way of having students live together with a common goal, purpose, hobby, or cause. Groups of student leaders, club leaders, club members or friends who want to live together in a house are strongly encouraged to apply for a theme house.

Theme house members are committed to doing three events a year; one of those required to be a service event. These events will be funded by the Housing Department.

The Housing and Residence Life Department operates under a Community Development Model that is not solely about events that happen in our communities but is to be viewed as a comprehensive approach that guides our “way of being” in community together.

Our Community Development Model is built around four pillars: Connection, Interaction, Engagement, and Reflection. Students who live in University housing – regardless of class standing, building location, or type of residence – will find these pillars evident in their hall environment, community events, and relationships with each other and the residence life staff.

1) **Connect** to the people, place and purpose of Gonzaga University
2) **Interact** with peers from all backgrounds and corners of the world
3) **Engage** actively in building and maintaining a thriving community
4) **Reflect** personally and collectively upon the rich experiences they encounter

The Community Development Model will shape the types of events that theme houses are expected to complete.

Examples of past events:

- The Cooking House and the Bon Appétit House had a cooking competition where 65 students came and judged their food.
- The G.A.M.E. House hosted a Lawn Party where students played croquet, badminton, and volleyball while enjoying otter pops and 45 members of the GU community attended.

Theme House Requirements?

- Each theme house will complete three programs each year
  - One program each semester and one service project total
- Each theme house will have at least one representative present at the Logan Neighborhood Association meetings (September-April)

Who is Responsible for Theme Housing?
The theme houses are managed by GU Housing and Residence Life. Plant Services supports the maintenance of the facilities.

Where are the houses located?
All houses are in close proximity to Gonzaga campus. Theme houses are 3-7 resident capacity, most of which are 3-7 bedrooms.

- **North / South**: Gonzaga Campus to Mission (predominately on Sinto and south toward main campus),
- **East / West**: Lidgerwood to North Superior (surrounding Marian hall)

Please read the contract carefully and ask if you have any questions.
Frequently Asked Questions

Who can live in a theme house? Theme houses are available for any students meeting our on-campus residency requirement (i.e. have lived on-campus for 4 semesters OR are 21 years of age).

Is the application process easy? Yes! All residents, living on-campus or off-campus, have to sign a Housing Agreement or lease, which is the Zag Living portion of our application process. To apply as a theme house, you also have to complete the theme house group application and present your proposal to a Selection Committee. However, if accepted you have the perks to live in a house owned/managed by Gonzaga.

How many houses will be dedicated to the theme house program? In an attempt to create an off-campus community, the goal is to have all GU off-campus rental properties as theme houses. There is an ability to have up to 13 theme houses next year.

What is a Theme House Selection Committee? The Theme House Selection Committee is a small group of staff and students, including the Off-Campus Residence Director, who will review all theme house applications, sit on the panel each group presents their theme proposals, determine which group will be selected as theme houses for next year, and assign themes to properties.

What is the selection committee looking for in a theme house proposal? The theme house committee is looking for students who are dedicated and passionate to the theme they choose. The committee looks for creativity, enthusiasm, and dedication to Gonzaga and the Logan neighborhood. Finally, it is important for residents of Gonzaga houses to be good neighbors and demonstrate maturity and respect for the house, property, and neighborhood. Students we can trust and be proud of in the neighborhood make great candidates!

What advice can you give me on my application and presentation that will help our theme stand out? The Theme House Selection Committee will be reading many applications and interviewing numerous groups – your application and presentation should be thoughtful and memorable. Be creative, energetic and enthusiastic about your theme. Pictures and props are always welcome and encouraged!

What should I expect during the presentation for the theme house proposal? You should prepare a 5-7 minute presentation for your theme house proposal. Be prepared to quickly demonstrate why you chose the theme, what your plans are for next year if you are selected as a theme house, and why we should select your theme over others. Finally, there will be a 3-5-minute question and answer period to allow the committee to learn more.

Will I be able to choose which house I want to live in? No, the Selection Committee will assign each group to a property that correlates with the size of the group and where the Selection Committee believes each theme should be located. That house is the only location a group is offered.

What happens if we apply for a theme house but do not like the house we are assigned? You will be allowed to tour the house you are assigned to BEFORE you are committed to a rental agreement. If you take a tour and decide not to accept the house, you need to notify Housing of this decision and are free to sign a lease with a private landlord or wait for the on-campus housing process.

Why should I live in a GU house rather than with a private landlord? Gonzaga housing provides students competitive off-campus rates with maintenance upkeep, the same as on-campus maintenance. The houses are also located close or on campus.

Who can I talk with to learn more about the theme house program? You can contact current Community Advocates (Hannah Kenneally, Anthony Harper or Kenji Booey), Northeast Block Residence Director (Quinton Geis) at geis@gonzaga.edu, and/or send an email to ofcampushousing@gonzaga.edu. You could also seek out participants of any current theme house who would be willing to talk more about the program.
